Randolph, Wisconsin

D. N. Shoemaker

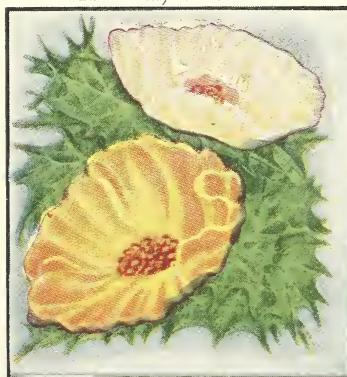

Best of all Lettuce

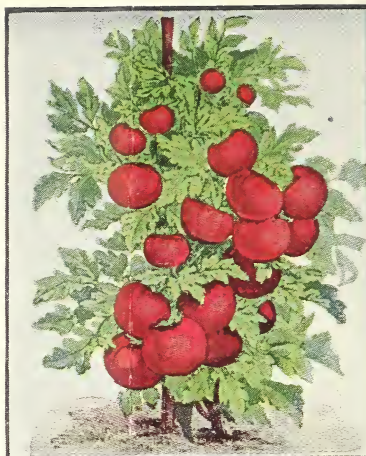

Christmas Kochia

Annual Chrysanthemums

Evening Primrose

Jung's Earliest Tree Tomato

Masterpiece Wax Beans

JUNG'S FREE SEED SPECIALTIES

The splendid vegetables and flowers offered below are special selections and are something we know will delight our customers. Many seedsmen charge 10c to 15c per pkt. for such seeds but as a special offer to our customers you may select 1 pkt. free for each 25c worth of seeds or plants ordered but not more than 6 pkts. to a customer. This offer does not apply on Farm Seeds or Collections on which our profit is very small. Free Seeds must be selected from varieties offered on this page only.

Jung's Earliest Tree Tomato

This splendid tomato is well suited for small gardens as the plants grow upright and do not require much room. Plants grow stiffly erect until they become overloaded with fruit. The tomatoes are of large size, always smooth and solid, very meaty and have no hard core. This seed is of our own growing and is sure to be early.

Christmas Kochia

This new variety should not be compared with the common Kochia which dried up early in the fall. The bushes are a mass of dense, live green during the summer while after frost they turn to a rosy red and are highly ornamental when most other shrubs and plants are dried up and the effect of this color against snow is a beautiful sight. In rich soil they will grow four ft. tall.

Annual Chrysanthemums

Easy grown annuals that produce some of the finest color combinations known in flowers. May be started indoors or sown out in the flower garden. As the flowers are borne on long stiff stems they make excellent bouquets. Blooms keep well in water for a long time.

Evening Primrose

Very handsome and interesting annuals. Plants grow 2 ft. tall and bloom profusely from July until Sept. The flowers remain closed during the heat of the day but upon the approach of evening you can enjoy a thrill by sitting in the garden and watching them open.

"How to Grow fine Vegetables and beautiful Flowers"

We are not satisfied to only sell you good seeds, we also want to see you have the finest garden in your neighborhood as that is the best "ad" we can have. At considerable expense we have gotten up complete cultural instructions for both Vegetables and Flowers which we send free when requested with every order. You will get much valuable information from these instructions.

Masterpiece Wax Bean

Although we are offering a very good selection of choice beans in our regular list we believe "Masterpiece" has even superior merits. This variety is free from rust and disease and produces handsome, long pods that are tender and stringless. The plants are strong growers, with large lustrous green leaves and bear an immense crop of the beautiful golden pods.

Jung's "Best of All" Lettuce

A fitting companion to our famous "All Cream" Lettuce which it resembles very much except that it does not have the pink or brown edges on the leaves. It can be relied upon to give you lettuce that you will relish whether sown early in the spring or during the summer as it is unsurpassed as a heat resister. The leaves are a handsome green, beautifully crumpled and are crisp, tender and sweet at all times.

Cupid Spencer Sweet Peas

You can now grow the large flowered sweet peas without "fussing" with brush or trellis by sowing these new dwarf varieties. Plants form a spreading row or bed 15 to 18 inches wide and will delight you with their abundance of large blossoms for a long time. May also be grown in pots for winter blooming. All colors that are sure to please.

"Perfected Mastadon" EVERBEARING STRAWBERRY

(See front cover)

This grand variety represents the greatest advance ever made in breeding Strawberry plants. By planting "Mastadon" you can have just as large a crop of strawberries in the summer and fall as during June. Has made the remarkable yield of 5600 qts. per acre and in size, quality and flavor is equal to the best. Unlike other Everbearers the plants of Mastadon are large, vigorous and deep rooted which enables it to produce such loads of large berries even under unfavorable conditions. Our plants are genuine stock and very strong: 25 for \$1.50; 50 for \$2.75; 100 for \$5.25; 1000 for \$38.00.

10c Cash Coupon

As a special inducement to have you plant Jung's Seeds this year this coupon will be accepted the same as 10c cash on any order for seeds in pkts and ounces and plants amounting to 40c or more.

Book on Gardening Free

For this coupon we will also include with your order full culture instructions, "How to Grow the Finest Vegetables and Most Beautiful Flowers."

J. W. JUNG SEED CO.

This Coupon entitles you to 10¢ worth of Seeds

Why "The Products of Jung's Seeds are Unexcelled"

As we are farmers and gardeners ourselves we know that unless good seeds are planted you cannot expect to raise a good crop, even if soil, weather and all other conditions are favorable and you have poor seed your efforts to raise a good crop will be in vain.

We do not try to see how cheap we can sell seeds, with us **QUALITY** is always the first consideration; all of our seeds are grown either on our own lands or are produced by growers who are recognized to be the best.

Although Reduced Our List is Complete

We have spent much time and gone to considerable expense in getting out a catalog that will contain but a limited number of varieties and still be complete. You will find that our list will meet every requirement as each item has been selected for its superior qualities.

It's Easy to Order Jung's Seeds

With each catalog we enclose an order sheet and self-addressed envelope. Be sure to write your name and address on order sheet. After writing down the list of articles wanted place same together with remittance in the envelope. Remittance may be made by Money Order, Bank Draft or Check, amounts of 50c or less may be sent in clean postage stamps. You will be surprised how easy it is to make out your order and how soon the seeds will reach you after the order is sent in.

We Prepay Delivery Charges as Follows:

Except where noted we pay the postage on all seeds offered by the packet, ounce, quarter-pound, pound, half-pint, pint, and quart, also on all bulbs and plants offered in quantities up to 1,000. On plants in lots of 1,000 or more purchaser pays charges. On seeds offered on wholesale page, also farm seeds and potatoes in quantities of over 3 pounds we do not pay charges.

We Guarantee Safe Delivery

If any parcel of seeds, plants or bulbs reaches you in bad condition advise us at once and we will refill the order free of charge or refund your money. Also if any goods you receive from us are not satisfactory in every way they may be returned and your money will be refunded.

Orders are Filled Promptly

We usually fill orders the day they are received. This applies to orders for seeds that can be sent at any time during the winter. If the order includes potatoes, onion sets, plants etc., which cannot be safely sent in cold weather, we are obligated to hold the order until it is safe to ship.

Disclaimer

The J. W. Jung Seed Co. gives no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants it sells and will not be responsible for the crop.

Our Responsibility

You are absolutely safe in sending your order to us. Any seeds that are not satisfactory upon arrival may be returned and your money will be promptly refunded.

We refer you to any commercial agency, the Randolph State Bank and the postmaster at Randolph, Wisconsin.

Why You Should Make A Garden

Few things bring such large returns for time and money invested as a well-kept garden. You not only get your vegetables at low cost but you will also find that there is no comparison between vegetables crisp and fresh from the garden and those bought at the stores. To have real quality in vegetables they should be taken fresh from your garden.

Garden Seeds in Large Quantities

Market gardeners and others requiring garden seeds in large quantities should write for our special market gardeners price list. We can supply you with the highest quality garden seeds at very reasonable prices. Jung's Hardy Northern Grown Seeds are unexcelled for earliness and productiveness.

It costs much more to produce select, carefully rogued pure seed, than seeds that are grown in a careless way. It is a matter of fact that as the finer qualities of a vegetable or flower are bred up it produces less seed and for this reason the best seeds will always cost more but they are also worth very much more when the crop produced is taken into consideration.

We solicit your orders on a **QUALITY** basis only.

Seed Potatoes and Farm Seeds

Northern Grown Seed Potatoes are famous for the large crops they produce and we can supply such fine varieties as the following at reasonable prices:

Extra Early White

Red River Ohio

Jung's White Bonanza

Green Mountain

Jung's Harvest King

We also have a fine stock of Seed Corn, Pedigree Seed Oats, Barley, Clovers, Alfalfa and Grass Seeds. If interested we shall be pleased to send you our special Potato and Farm Seed Catalog: it is free.

Increase Your Crops of Beans, Peas and Sweet Peas by using "NOD-O-GEN"

This is a compound which when applied to the seed before planting promotes stronger healthier growth, hastens maturity, increases the crop, improves the quality and also enriches the soil. It is for legume plants such as Beans, Garden Peas and Sweet Peas. In the case of Sweet Peas larger and finer flowers will be had, and in Garden Peas and Beans your crop will be much heavier and of finer quality and you can pick more pods from each plant. NOD-O-GEN is easy to apply, full instructions on each bottle which contains sufficient compound to treat 5 to 10 lbs. of seed.

Always state whether wanted for Beans, Peas or Sweet Peas.

Each 25c.; 3 for 65c. postpaid.

Plant Food for House Plants Lawn & Garden.
PLANT PEP
Makes 'em Grow

This is a highly concentrated and well balanced fertilizer for pot or house plants, roses, ferns and also for outdoor flowers and shrubs. It increases the foliage and improves the color and size of blossoms. Odorless and harmless. PLANT PEP is sure to bring forth healthy plants and lots of flowers. 2 oz. pkt. makes 5 gal. 15c.; 8 oz. can makes 20 gal. 50c.

EXTRA EARLY RED VALENTINE

EXTRA EARLY RED VALENTINE

One of the most popular green-podded sorts for either home use or market, many prefer it to the wax or butter beans. Pods are four to five inches long, medium green in color, round and very fleshy, crisp and tender. Under adverse weather conditions we know of no other variety that is more sure to produce a crop. Our strain is extra select and far superior to the stock usually offered. Pkt. 8c.; $\frac{1}{2}$ pt. 20c.; pt. 30c.; qt. 60c.

JUNG'S FAIRFIELD WONDER WAX

JUNG'S FAIRFIELD WONDER WAX

Without a doubt one of the finest Wax or Butter Beans. It originated on our Fairfield Farm and can be classed with the best. The bushes are unusually vigorous and free from disease. They grow from 15 to 20 inches tall, have large heavy foliage and bear an immense crop of handsome yellow pods. Pods are from 6 to 9 inches long, one-half inch broad, very tender and brittle, no strings of any kind. Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 40c.; qt. 70c.

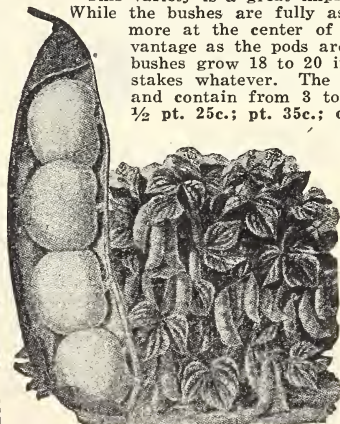

UNRIVALED BUTTER WAX

The earliest of all Wax or Butter Beans. Creamy golden Pods, free from Rust. Handsome Appearance. Enormous Yields.

In our opinion this should be placed at the head of the list. We consider it to be unexcelled for earliness, quality and yield. The plant is a strong grower and well supplied with large, almost smooth lustrous green leaves. They bear enormous crops of beautiful transparent pale yellow pods; this color is maintained clear to the tips with no sign of green. Pods are 6 to 8 in. long, very tender and entirely stringless. Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 35c.; qt. 65c.

WONDER BUSH LIMA

This variety is a great improvement on Burpee's Bush Lima. While the bushes are fully as productive, the pods are borne more at the center of the plant. This is a great advantage as the pods are held up from the ground. The bushes grow 18 to 20 inches high, requiring no poles or stakes whatever. The pods are of truly mammoth size and contain from 3 to 4 large beans each. Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 35c.; qt. 65c.

WONDER BUSH LIMA

See Inside Front Cover!

Special Offer No. 1

You can assure yourself a continuous supply of crisp and tender Beans by planting the following:

Fairfield Wonder Wax Extra Early Valentine
Unrivalled Butter Wax Imp. Kentucky Wonder
1 Pkt. of each for 25c. 1 Pint of each for \$1.40.
 $\frac{1}{2}$ Pt. of each for 85c. 1 Qt. of each for \$2.50.

Mrs. W. L. Crippen, Mauston, Wis.—Have noted that so many write how good John Baer Tomato and All Cream Lettuce are, let them try JUNG'S Fairfield Wonder Wax Bean and they will find it in the same class, also Banana Squash, I have raised them $32\frac{1}{2}$ inches long. Six years of perfect satisfaction.

BUSH BEANS**GIANT STRINGLESS GREEN POD**

Here is an absolutely stringless giant podded bush bean. It combines extreme earliness, unusual hardness and great productiveness. The handsome pods are 6 to 7 inches long, very brittle and stringless even when fully matured, deep green in color and of the finest quality. One of the best varieties for either market or the home garden. Pkt. 10c.; $\frac{1}{2}$ pt. 25c.; pt. 35c.; qt. 65c.

PENCIL POD BLACK WAX

PENCIL POD WAX

We consider this one of the best Wax Beans yet introduced. It is very productive and of most excellent flavor. The pods are long, straight and round like a pencil, fleshy and of a bright yellow color; tender, brittle and absolutely stringless. The plants are of true bush growth, 15 inches high, with abundant foliage. The magnificent pods are from 5 to 7 inches long. Pkt. 7c.; $\frac{1}{2}$ pt. 20c.; pt. 35c.; qt. 60c.

UNRIVALED BUTTER WAX

JUNG'S EXTRA EARLY WAX

A splendid variety which combines extreme earliness, fine quality and hardness. Bushes grow to good size and will produce a fine crop of pods under conditions that would ruin most other varieties. Pods are flat, 5 to 6 inches long, very fleshy and stringless. You will be delighted with this splendid bean. Pkt. 8c.; $\frac{1}{2}$ pt. 20c.; pt. 30c.; qt. 60c.

JUNG'S EXTRA EARLY WAX

INOCULATE
THIS SEED WITH
NOD-O-GEN

See Page 1

POLE BEANS

IMPROVED KENTUCKY WONDER

Its wide popularity is well deserved as it is enormously productive, pods hanging in great clusters from top to bottom of poles. Pods are 9 to 10 inches long, entirely stringless and cook up rich and buttery. May be planted with corn. Pkt. 8c.; ½ pt. 20c.; pt. 35c.; qt. 60c.

KENTUCKY WONDER WAX

The merits of the old Kentucky Wonder or Old Homestead Pole Beans are well known. This variety has all its superb qualities and in addition a beautiful transparent yellow pod. It is a strong rampant grower, one plant completely covering a pole with vines which are loaded with a mass of pods. Pods are very large, 6 to 8 inches long, exceedingly tender and fleshy. Deliciously rich and buttery when cooked. Pkt. 10c.; ½ pt. 25c.; pt. 35c.; qt. 65c.

HENDERSON'S EARLY LEVIATHAN POLE LIMA

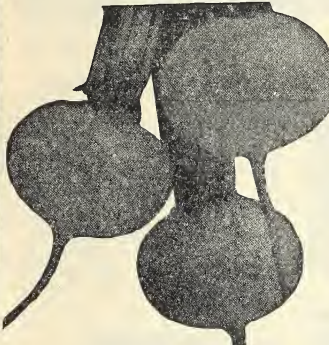

This is the very earliest. It will not only give pods earlier than any other strain but is also much more productive both early and throughout the season. It is a strong grower, clinging well to the poles and is a sure cropper. The pods hang out from the foliage in large clusters and contain 3 to 5 large beans to a pod. It bears until frost. Pkt. 7c.; ½ pt. 20c.; pt. 30c.; qt. 60c.

FIELD BEAN-Snowflake or 1200 to 1

This splendid variety is unexcelled as a Pea or Field Bean as it ripens early, bears heavily and is unequalled for either home use or market on account of its great yield and handsome appearance. Vines are very healthy, dwarf or bushy in growth and bear an immense number of pods well filled with pearly white beans. They will command the top prices on all markets. Large pkt. 7c.; ½ pt. 20c.; pt. 30c.; qt. 50c.

SNOWFLAKE OR 1200 TO 1

EARLY MODEL

GARDEN BEETS

EARLY MODEL

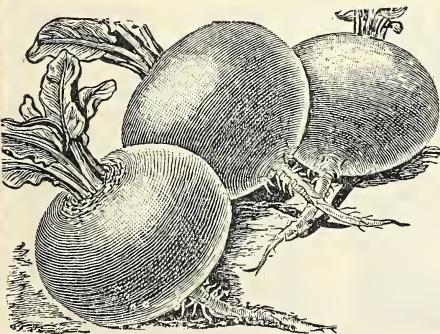

This splendid variety has attained perfection for table use. It is extremely early, of perfect globe shape and finest quality. It is a fine selection of blood red beet, extremely smooth and of symmetrical growth, fine rich color and desirable shape, almost round with small, dark crimson-colored leaves and a slim tap root. In quality and color it is peerless; very fine grained, tender and sweet, never woody or stringy. Pkt. 7c.; oz. 12c.; ¼ lb. 35c.; lb. \$1.40.

FIREBALL

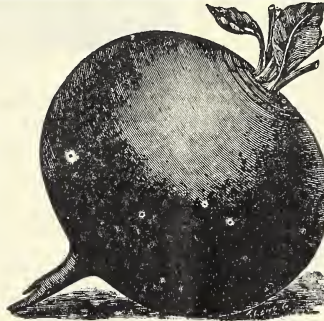

Excellent for the Home Garden or Canning. This early globe-shaped beet of excellent quality is especially esteemed on account of its dark red color which extends entirely thru the beet and without the light colored ring seen in some varieties. The medium sized beets are smooth and handsome and are now being largely used for canning as well as for home garden or market. It retains its good quality even after it gets large. Pkt. 7c.; oz. 15c.; ¼ lb. 35c.; lb. \$1.40.

DETROIT DARK RED

A very fine beet with dark red skin and deep red flesh. It grows very smooth, is globular in shape. The quality is the very best, sweet and tender. An ideal table variety and also desirable for market gardens as it is very fine for bunching and its small upright growing tops allow close planting. Pkt. 5c.; oz. 12c.; ¼ lb. 35c.; lb. \$1.40.

DETROIT DARK RED

FIREBALL

BRUSSELS SPROUTS

LONG ISLAND IMPROVED

The Sprouts resemble miniature cabbages growing closely on the stalk of the plant. They are more tender and delicious than any cabbage. Hard frosts do not injure sprouts but improve them and they are left in the garden until desired for cooking. Strip off the outer covering of the Sprouts and cook them whole. They are a delicacy not surpassed by the finest cauliflower. Pkt. 5c.; oz. 15c.

Mrs. C. L. McMahon, Wilton Jct., Iowa.—Have used your seeds for several years and believe none can beat them.

BORECOLE

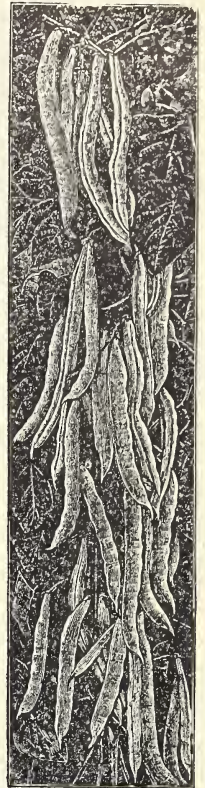

or KALE

DWARF CURLED

Useful for furnishing greens or boiling during the early fall, winter and spring months. The leaves are very curly, bright green, tender and delicate in flavor. The plants are hardy and the quality is improved by freezing. Pkt. 5c.; oz. 20c.

BRUSSELS SPROUTS

KY. WONDER WAX

MANGELS

MAMMOTH LONG RED

The heaviest cropper. This mangel is enormously, wonderfully productive. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other Mangel except it be the Half Long Sugar, making it most nutritious and milk producing. Sheep and other stock thrive better when fed on it, picking out pieces of it in preference to other kinds. Oz. 10c.; 2 oz. 15c.; ¼ lb. 20c.; ½ lb. 35c.; lb. 65c.

GOLDEN TANKARD

A smooth, yellow-fleshed Mangel; roots are of large diameter, tapering quickly to the bottom which is quite broad with only a small taproot. It grows largely above the soil and is easily harvested. It yields an enormous bulk on good soil and can be closely grown in rows. Oz. 8c.; ¼ lb. 20c.; lb. 60c.

CABBAGE

EXTRA EARLY EXPRESS

POSITIVELY THE EARLIEST CABBAGE ON EARTH. There are few loose leaves and it forms a head of good size and fine quality. It can be planted close, always yields a large crop. A fine variety for shipping, as the heads remain solid for a long time. It is a beautiful appearing cabbage being of fine color and general uniformity. Also called "Lightning" and other fancy names by some seedmen. Pkt. 8c.; ½ oz. 20c.; oz. 30c.; ¼ lb. 90c.

EXTRA EARLY EXPRESS

ALLHEAD EARLY

This is the earliest of all large cabbage and considerably larger than any other early summer cabbage. The deep flat heads are remarkably solid and the most uniform in color, shape and size of any variety. It is suitable for growth in spring and early summer or for use as a winter sort. It is a money maker for gardeners. Pkt. 7c.; ½ oz. 15c.; oz. 25c.; ¼ lb. 70c.

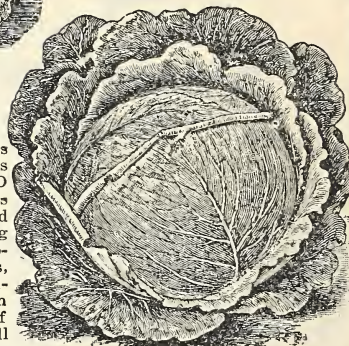

SUREHEAD

DANISH BALLHEAD

A Grand Hard Headed Cabbage

This type of winter cabbage has become very popular of late years on account of its **UNEQUALLED KEEPING QUALITIES** as well as for the great **SOLIDITY** and **WEIGHT** of the heads. It is strong and vigorous in growth and produces large, round, compact heads, exceedingly hard and solid weighing when trimmed, fully one-fourth more than any other cabbage of equal size. It seems to grow well on all soils and under most conditions, withstanding hot, dry weather and does not rot from the effects of wet seasons; neither do the heads burst. Pkt. 8c.; ½ oz. 15c.; 1 oz. 25c.; ¼ lb. 90c.

DANISH BALLHEAD

ENDIVE

GREEN CURLED

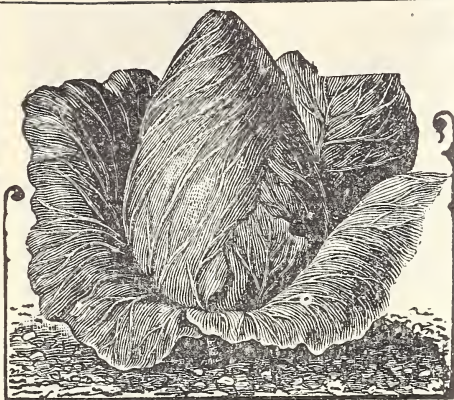

Mostly sown in June or July for fall use in rows about one foot apart, thin out to 8 inches apart and when well along blanch by tying the tops together. Green Curled is a hardy variety, the most desirable for home use or market garden. Deep green leaves beautifully cut and curled; easily blanched and becomes crisp, tender and very fine flavored. Pkt. 5c.; oz. 15c.; 2 oz. 25c.

CHINESE or CELERY CABBAGE

Until recently this new vegetable was unknown but as its good qualities become known it is rapidly gaining popular favor. For best results the seed should be sown the later part of July in rows and thinned to stand 15 inches apart in the rows, then a most excellent vegetable can be grown. Develops quickly and as the weather gets colder it heads up nicely, producing crisp, celery-like stalks, beautifully blanched. It can be eaten raw, made into salads or cooked as cabbage or greens. Pkt. 8c.; ½ oz. 15c.; oz. 25c.

CELERY CABBAGE

EARLY JERSEY WAKEFIELD

SELECT EARLY JERSEY WAKEFIELD

The most popular and widely grown extra early cabbage. More largely used for early market than any other variety. The heads are pointed and having but few outside leaves it allows the plants to be set quite close so more heads can be grown on an acre than with most other sorts. The heads are solid and of fine quality, being tender and fine grained. Our seed is an extra select stock. Pkt. 7c.; ½ oz. 15c.; oz. 25c.; ¼ lb. 70c.

SUREHEAD

A leading late variety. It produces large, sound flattened heads of the Flat Dutch type and is remarkable for its certainty to head. The heads are very uniform in size, extremely solid, fine in texture and flavor and ordinarily weigh from 10 to 15 pounds each. It has but few loose leaves and is an excellent keeper. Pkt. 7c.; ½ oz. 12c.; oz. 20c.; ¼ lb. 65c.

SELECT FLAT DUTCH

SELECT FLAT DUTCH

It makes a large, round, firm head, uniform in shape and color which seldom bursts or rots. Sureness in heading and regularity in growth has made this one of the most popular standard sort for winter keeping. The quality, either for slicing, for kraut or for general table use is superb. It is a very fine strain of late cabbage and can be profitably grown anywhere in this country; it is a splendid sort for general use giving unbounded satisfaction. Pkt. 5c.; ½ oz. 12c.; oz. 20c.; ¼ lb. 65c.

RED DRUMHEAD

This is the well known standard Red Cabbage. Heads are of large size, slightly rounded and from seven to eight inches in diameter. A valuable variety for pickling; very sweet, tender and of excellent quality. Pkt. 5c.; ½ oz. 12c.; oz. 20c.

Mrs. John Ingram, Canterbury Sta. N. B.—Have found your seeds superior to those I get here; I would not plant any other cabbage, they are the best th: world over—can't be beat. This is the 10th year of using your seed here in Canada and can't praise your seed and your attention to small and large orders high enough. Am looking forward for the same good results this year, no matter what the weather brings they generally hold their own.

CARROTS

JUNG'S FIRST OF ALL

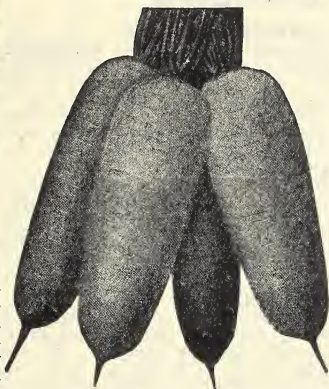

A remarkably handsome Carrot that is ready for use before any other variety. Roots grow 3 to 4 inches long and present a fine appearance when bunched for market. Flesh is deep orange-colored, tender and sweet, fine grained and never coarse or woody. Does well in almost any kind of soil. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.; lb. 1.40.

JUNG'S FIRST OF ALL

JUNG'S EARLY MARKET

A handsome half-long variety the shape of which is well shown in the illustration. They average six inches in length by one and one-half inches in diameter and are ready for use quite early. The skin is very smooth and clean and of a rich orange color. The flesh is of fine texture, free from all stringiness while the core is very small, having no pithy or woody fiber. Our sales of this grand Carrot are increasing every year. Pkt. 5c.; oz. 12c.; $\frac{1}{4}$ lb. 35c.; lb. \$1.30.

JUNG'S EARLY MARKET

DANVERS HALF LONG

DANVERS HALF LONG

A handsome half-long cylindrical stump rooted carrot of good size and of a rich orange color. It grows to a large size, is smooth and the flesh very close in texture, with little core and a small tapering root. It is a good carrot for all soils and under good cultivation it has yielded 20 to 25 tons per acre. It is very easily harvested. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 35c.; lb. \$1.25.

LARGE WHITE BELGIAN

This is the largest yielding stock carrot grown. Nearly half its length grows above the ground making them very easy to harvest. Carrots are often 18 inches long and 4 to 5 inches in diameter. Yields of 15 tons per acre are nothing unusual. Excellent for either cows or horses. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 25c.; lb. 70c.

CAULIFLOWER

DRY WEATHER

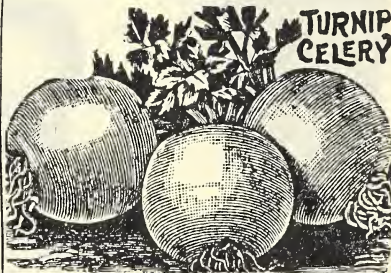

Especially adapted to resist drought. Reaches perfection where ordinary sorts fail. Plants are of vigorous growth, producing heads of snowy whiteness and fine quality. It has heavy foliage and is not liable to rot in hot weather. It is in all respects a first class cauliflower but is particularly adapted to dry situations and to resisting the effects of drought. It also does well in wet or moist situations, producing heads equal to the best. Pkt. 12c.; $\frac{1}{4}$ oz. 75c.; $\frac{1}{2}$ oz. \$1.35; oz. \$2.50.

AUTUMN GIANT

This is a large variety with fine well proportioned heads. The heads are so well protected by foliage as to remain fit for use for a long time. Suitable for late planting. Quality excellent. Pkt. 10c.; $\frac{1}{2}$ oz. 35c.; oz. 60c.

DRY WEATHER

TURNIP CELERY

TURNIP CELERY

This is an excellent vegetable. It produces large turnip-shaped roots which keep well for winter use. It is highly esteemed either cooked in the same manner as other vegetables, for flavoring soups, or sliced and used as a salad. Pkt. 5c.; $\frac{1}{2}$ oz. 12c.; oz. 20c.

CELERY

WHITE PLUME

This is the earliest and most easily blanched celery. The plants grow rapidly and blanch as easily during the summer months. Later in the fall the central stalks and leaves are of pure snowy whiteness even without earthing up; but stalks should be gathered up as in the other varieties so as to produce close, attractive bunches. As for succulence, crispness and quality the White Plume is unequalled. Pkt. 5c.; $\frac{1}{2}$ oz. 15c.; oz. 25c.

EMPEROR

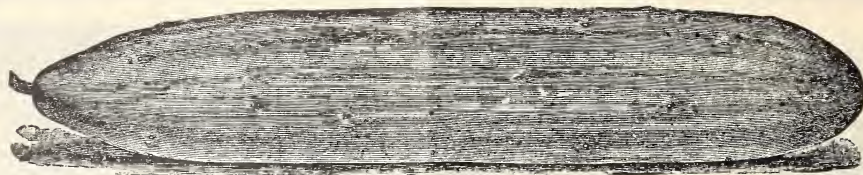

An excellent celery for fall and winter use, of true dwarf growth, having a very large heart, solid and of finest nut flavor. Being of dwarf growth, 15 to 18 inches tall, it is much easier to blanch than the taller varieties. The stalks are smooth, very thick, round and crisp, blanching to a light golden yellow. An especially good keeper. Pkt. 10c.; $\frac{1}{2}$ oz. 25c.; oz. 45c.; $\frac{1}{4}$ lb. \$1.50.

WHITE PLUME

EMPEROR

JUNG'S FAIRFIELD GIANT CUCUMBERS

JUNG'S FAIRFIELD GIANT

The darkest green and most nearly seedless cucumber in cultivation. The vines are unusually vigorous in growth and produce an enormous crop of handsome fruits, which are quite smooth of a deep green color, and grow from 12 to 18 in. long, being one of the handsomest cucumbers grown. When the fruits are from 6 to 8 inches in length, or just the right size for slicing they are practically solid, there being hardly a trace of seed to be found. The pure, white flesh is very firm, sweet and crisp and of the finest flavor. Pkt. 8c.; oz. 20c.; $\frac{1}{4}$ lb. 60c.

EARLY FORTUNE

This variety is exceedingly productive and is distinguished by its vigorous growth and large healthy leaves, making it less susceptible to disease than other varieties. The fruits are very uniform in size and shape and rich dark green in color; this color does not fade when shipped a long distance. As a pickling variety **EARLY FORTUNE IS ONE OF THE BEST VARIETIES** as the fruits are so uniform. Pkt. 5c.; oz. 12c.; $\frac{1}{4}$ lb. 35c.

DAVIS PERFECT

A cucumber which for shape, quality, color and forcing indoors or growing outside is unexcelled. The type is perfectly fixed and has an ideal shape, slim and symmetrical. The eating qualities surpass all other varieties. The seeds that are contained in it when in slicing condition are so small and tender that they are unnoticed. The vines are very strong and rampant growers, the fruit resembles the hothouse product so closely that dealers cannot detect the difference. The most nearly perfect Cucumber yet introduced. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.

DAVIS PERFECT

WHITE WONDER

WHITE WONDER

A wonderfully good slicing cucumber. In color it is a beautiful pure snow white. Grows to good size, usually 8 to 10 inches long and is very uniform. In season almost the same as White Spine but keeps in eatable condition longer. Its smooth, clear surface makes this an ideal pickle. The firm crisp flesh with its pleasing flavor is just right for slicing or in salads. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.

CHICAGO PICKLING

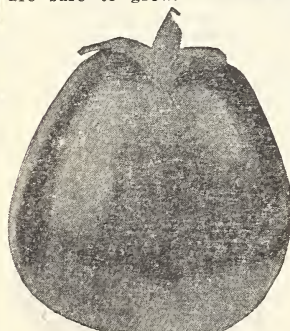

The most popular and widely grown pickling variety. The fact that it is used by most of the large pickling factories is the best proof of its leadership in its class. The vines are very vigorous growers and will produce a large number of fruits if kept gathered before they become too large. Skin is extremely thin, tender and free from toughness when pickled. Quality excellent. Pkt. 5c.; oz. 12c.; $\frac{1}{4}$ lb. 30c.

CHICAGO
PICKLING

EARLY FORTUNE

Mrs. D. J. Sterner, Montoursville, Pa.—We have used your seeds for 5 years and find they are the best we can get, they are sure to grow.

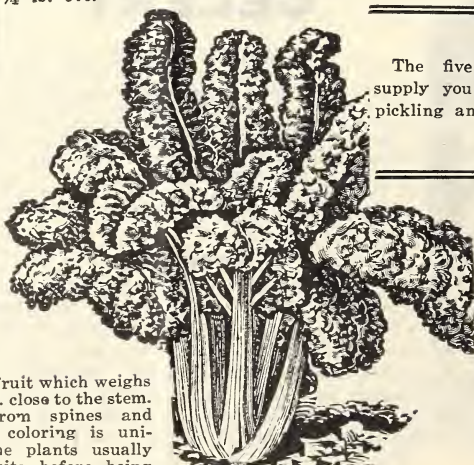

EGG PLANT

EGG PLANT

BLACK BEAUTY

The earliest and best of all large-fruited Egg Plants. It is an extra early variety with fruits of a beautiful jet color. The fruits set freely and develop quickly so that the crop can be gathered before there is any danger from frost. It is of dwarf growth and bears its fruit which weighs from one to three pounds each, close to the stem. The calyx is entirely free from spines and thorns. The intensely brilliant coloring is uniform over the whole fruit. The plants usually bear eight to ten immense fruits before being killed by frost. Pkt. 10c.; $\frac{1}{2}$ oz. 25c.; oz. 40c.

SWISS CHARD

Special Offer No. 3

The five splendid cucumbers offered here will supply you with an abundance of cucumbers for pickling and slicing.

1 pkt. of each for 25c.

1 oz. of each for 60c.

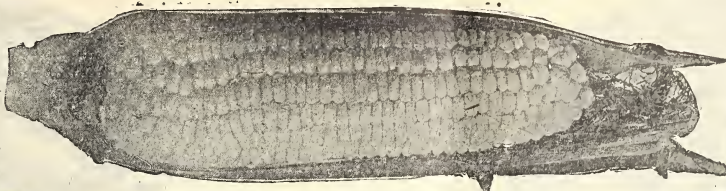

DILL

One of the most popular and widely grown herbs. Largely used for pickling cucumbers. Pkt. 5c.; oz. 15c.

SWISS CHARD-Lucullus

Plants grow two feet high and consist when fully developed of about a dozen creamy white, attractive curled leaves. These leaves are carried on broad, thick stalks about 12 inches long. The leaves may be cooked in the same manner as Spinach. Pkt. 5c.; oz. 10c.

Mrs. Anton Olson,
Black River Falls,
Wis.—Your seeds are
always what you
claim them to be, have
grown them now 11
years.

JUNG'S EXTRA EARLY FORTUNE

Jung's Northern Grown Sweet Corn

JUNG'S EXTRA EARLY FORTUNE

This variety originally came from Canada and at our Fairfield Farm it was the earliest of all. Early Fortune is the real tender juicy sweet corn ready for use before the summer has really commenced. Not only is it early, but it is also sweet and delicate in flavor. On account of its extreme earliness, Early Fortune is especially adapted for planting in northern latitudes. Ears are about seven inches long and well filled with sweet and tender grains. Pkt. 8c.; ½pt. 20c.; pt. 35c.; qt. 65c.

JUNG'S EXTRA EARLY GOLDEN BANTAM

This is an ideal garden Sweet Corn as it is a vigorous grower, is ready for use early and has a surpassingly delicious flavor. The ears are 5 to 7 inches long and the kernels are a bright golden yellow color. In flavor it is exceptionally rich and sugary and by everyone admitted to be the finest flavored Sweet Corn. The seed we offer is a special stock of our own growing and for earliness, yield and sweetness is unexcelled. Pkt. 8c.; ½ pt. 20c.; pt. 30c.; qt. 55c.

BANTAM EVERGREEN

This variety of golden or yellow Sweet Corn combines the size of the Evergreen ear with the color and quality of the Golden Bantam. In crossing these two excellent varieties none of the good qualities have been lost. The ears are 7 to 9 inches long, well filled with deep kernels of rich yellow corn. It comes just right in season to follow the first early sorts. The larger ears and prolonged season makes it the favorite both in the home garden and for fancy market trade. Pkt. 8c.; ½ pt. 20c.; pt. 30c.; qt. 55c.

HOWLING MOB

The Largest Eared, Sweetest Flavored Early Variety in Cultivation. This variety is of exceptional hardness and productiveness. It produces ears of large size, combined with an unusual sweet flavor for so early a corn. The stalks are strong and vigorous, four to four and one-half feet high. The ears are seven to nine inches in length with 14 or more rows of medium sized pearly white grains. The grains are sweet and rich in flavor. The ears are protected by a heavy husk. Pkt. 7c.; ½ pt. 20c.; pt. 30c.; qt. 50c.

WHITE EVERGREEN

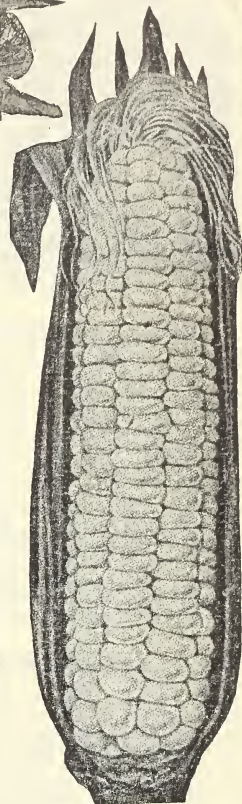

The Leading Late Variety of Sweet Corn. The most valuable Sweet Corn ever produced. White Evergreen is much superior to Stowell's. It retains all the most desirable features with the added merits of pure whiteness in color, a more tender grain and distinctly sweeter flavor. The ears average very large and are well filled to the tips with the long sweet grains of pure whiteness and most delicious flavor. The stalks are very strong growers from 6 to 7 feet high and sometimes bear three fine ears to a stalk. The ears contain 16 or more rows of deep grains. Pkt. 7c.; ½ pt. 20c.; pt. 30c.; qt. 55c.

E. W. Harris, West Sebouis, Maine.—Very much pleased with your seeds last year, they all came fine especially the Sweet Corn and Early Tomatoes.

POP CORN

BANTAM RICE

The Bantam Rice is a dwarf growing corn, a heavy yielder of attractive ears which are very thick and yield an unusually large quantity of shelled corn. The kernels are similar to the best strains of White Rice only they are longer and slimmer and pearly white in color. Its greatest merit however lies in its superior popping qualities, there being hardly any hull or shell when popped. It is most tender and delicious as it fairly melts in your mouth. It combines both quality and quantity, being a heavy yielder and superior to any other variety in quality. Try it once and you will not be without it again. Pkt. 7c.; ½ pt. 20c.; pt. 30c.; qt. 60c.

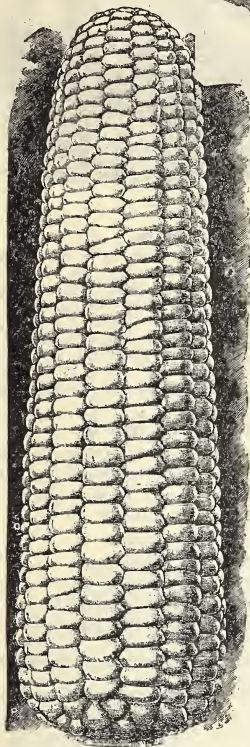

GOLDEN BANTAM

Our stocks of Sweet Corn are mostly of our own growing, and is of extra fancy quality and high germination. You will find that for earliness our northern grown seed is unexcelled. If you want to be the first on the market with Sweet Corn plant some of this seed.

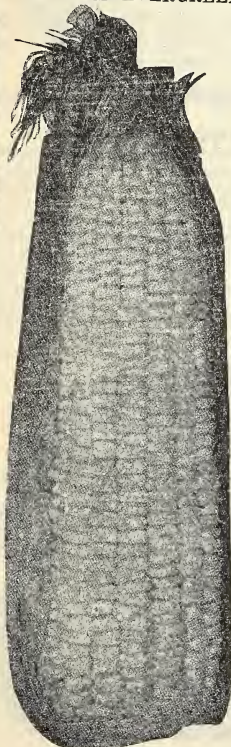

Special Offer No. 4

The five splendid varieties of Sweet Corn offered here will give you a large supply of tender, luscious corn throughout the season.

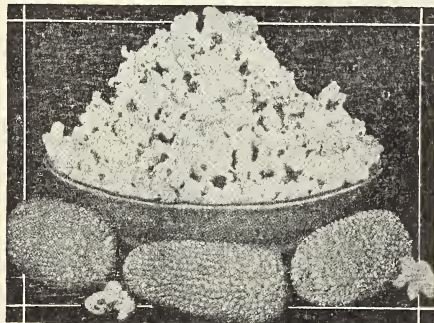

- 1 Pkt. of each for 30c
- ½ Pt. of each for 90c.
- 1 Pt. of each for \$1.50
- 1 Qt. of each for \$2.75

BANTAM EVERGREEN

HOWLING MOB

BANTAM RICE

LETTUCE

JUNG'S ALL CREAM

This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative fine quality. The leaves grow upright the upper part of the outer leaves turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. Pkt. 8c.; oz. 15c.; $\frac{1}{4}$ lb. 45c.

BIG BOSTON

SELECT BIG BOSTON

This market variety is very popular for outdoor culture and is also in demand as a compact, large heading, forcing sort for cold frames. The plants are large, very hardy and vigorous. The leaves are broad, comparatively smooth but wavy at the edge, very tender and crisp. In color they are bright light green, the heads slightly tinged with reddish brown. The inner leaves blanch to an attractive greenish white, tinged with light yellow. It heads up under cold weather conditions better than any other variety and is grown very extensively in the south for shipment north in the winter. Pkt. 7c.; oz. 20c.; $\frac{1}{4}$ lb. 45c.

NEW ICEBERG

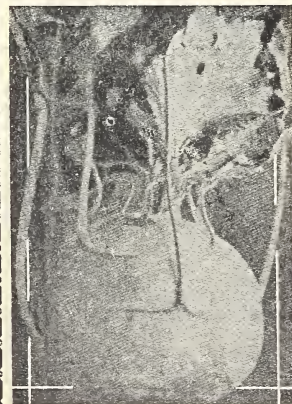

The usual solidity of the heads is assured by the large white main ribs of the leaves, each of which curving strongly into the center acts like a truss, making it impossible for the leaves to open outwards and expose the center which is thoroughly blanched. It is quick growing and always crisp and tender, whether grown in early spring or in the hot days of summer. The heads are of good size. Pkt. 8c.; oz. 20c.; $\frac{1}{4}$ lb. 50c.

MAY KING

This variety is not in the least affected by cold or wet weather but produces large solid heads 10 to 14 days ahead of most other varieties. The plants grow from 6 to 7 inches in diameter with the outer leaves folding closely forming the plant into a solid head. The outer leaves are light green the inner leaves are light yellow and of a fine rich buttery flavor. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 45c.

JUNG'S ALL CREAM

KOHL RABI

KOHL RABI

WHITE VIENNA

This variety is very early with distinctly small tops. The bulbs are of medium size and very light green or almost white in color and are of the finest quality if used when about two inches in diameter. Pkt. 5c.; oz. 20c.

PURPLE VIENNA

This vegetable is grown for its turnip-shaped bulb which is grown above the ground. Excellent for soup or cooked in the same manner as turnips. Grows to a large size and of juicy quality. Very early and of fine shape and delicate flavor. Pkt. 5c.; oz. 20c.

Wm. H. Jahnke, Appleton Wis.—Have used your seeds a number of years and always finding them good shall send my complete order to you.

DEACON

DEACON

This magnificent lettuce can stand hot weather better than any other of the rich butter varieties. Plants make firm heads nearly as large and almost as solid as a cabbage. The heads are light green outside while the inner blanched portion is cream-yellow and of a delicious rich buttery flavor. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.

Special Offer No. 5

In order to have a long supply of crisp, tender Lettuce plant the following varieties and make a sowing once each week.

Earliest Wayahead

Jung's All Cream

Select Big Boston

New Iceberg

1 Pkt. of each for 25c.

1 Oz. of each for 65c.

Mrs. C. E. Peterson, Superior, Wis.—Have a wonderful garden from your seeds, the lettuce cant be beat, in fact it is all great and my neighbors want to know where I ever got such good seed and say it is the best garden they have seen. Count me your steady customer.

EARLIEST WAYAHEAD

This is the quickest growing and most attractive extreme-early Lettuce producing handsome solid heads fully one week earlier than Black Seeded Tennis Ball. Its quality is unsurpassed, the heads are very solid; have weighed 6 oz. when trimmed. The interior of the heads is blanched to a beautiful creamy color, while the leaves are tender, juicy and sweet-flavored. The quality of this variety is unequaled among the early sorts. Pkt. 10c.; oz. 20c.; $\frac{1}{4}$ lb. 50c.

EARLIEST WAYAHEAD

PEANUTS

EARLY VIRGINIA

This splendid variety is very desirable because it is so early and prolific. It grows perfectly erect and seed planted in May will ripen a crop in September and for this reason can be grown in the north. Let the boys and girls try them, it will give them lots of fun and provide peanuts for the winter. Full culture instructions on every package. Pkt. 7c.; pt. 25c.; qt. 45c.

VINE PEACH

..Grows on a vine the same as a melon. The fruit has the size, shape and color of an orange. The flesh is snow white and makes excellent preserves or sweet pickles. Fruit will keep a long time after picking. Pkt. 5c.; 3 pkts. 10c.

SUNFLOWER

MAMMOTH RUSSIAN

Single heads measure twelve to twenty-two inches in diameter and contain an immense quantity of seed which is highly valued by all farmers and poultry breeders who have tried it as an excellent and cheap food for fowls. They eat it greedily, fatten well on it and attain a bright, lustrous plumage and strong healthy condition better than on almost any other food. It is the best egg producing food known. Every farmer should plant some of the seed in any waste piece of ground, any time from early spring to the middle of May. Oz. 5c.; ½ lb. 20c.; lb. 30c.; 5 lb. \$1.00.

GROUND CHERRY

Ground Cherry

TRUE YELLOW

These plants are low and spreading and produce their luscious fruit in great abundance. Excellent for pies and makes delicious preserves as the fruit has a strawberry flavor. May be dried in sugar like raisins or figs. Of easy culture and will succeed in most any garden. Pkt. 5c.; 3 pkts. 10c.

Mrs. M. W. Bowman, Spencer, W. Va.—Find your seeds and shrubs to be the nicest I have ever bought.

OKRA

WHITE VELVET

The long tender pods of Okra are very delicious when sliced and cooked in soups. While this is its chief use it can be boiled and served like other vegetables. The pods should be gathered while young as they are then very tender. Pkt. 5c.

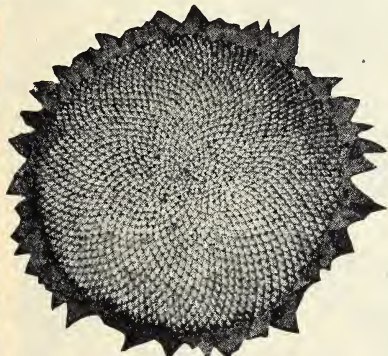

PARSLEY

MOSS CURLED

The leaves are of an extra dark color. It is very productive and on account of its densely curled character of leaves, a large quantity can be gathered in a short time. It is much used for flavoring and garnishing. Pkt. 5c.; oz. 10c.

MOSS CURLED PARSLEY

SUNFLOWER

Two Fine Melons for Small Gardens

BABY DELIGHT or "CLIMBING" WATER MELON

Persons having small gardens may have water melons of their own growing as this melon will climb up a trellis or fence but may also be grown like other varieties. The vines are very vigorous in growth, the heavy foliage nearly concealing the fruit. The first melons ripen very early and the healthy vines keep on bearing heavily until end of the season. The melons weigh from 4 to 6 pounds, there are no misshapen melons on the vine, all running uniform and marketable. The rich carmine red flesh is always solid and of exceptionally sweet flavor. Pkt. 10c.; 3 pkts. 20c.; oz. 30c.; ¼ lb. \$1.00.

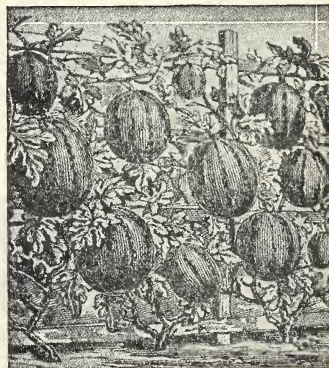

HENDERSON'S BUSH

Mrs. H. T. Wheeler, Strawn, Kans.—Have used your seed for about 8 to 10 years and have better success than with any other that I have ever used.

Gardening is Easy

by following the instructions in our booklet on "Gardening" which is sent free with orders of 25c or more when asked for.

BABY DELIGHT

HENDERSON'S BUSH MUSK MELON

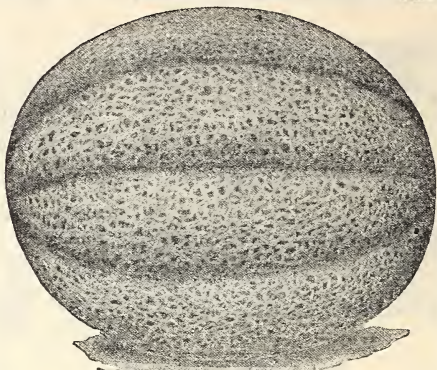

The Melon for Small Gardens. Require Little Space

The vineless character of growth or "bush habit" of this fine melon is a distinct advantage as it can be grown even in small gardens where room is limited. The plants are very sturdy and vigorous, growing 18 to 24 inches long. The fruits average 4 to 5 inches in diameter and are produced in abundance. The flesh is very deep, edible to the rind, light green in color, lusciously sweet and juicy and of most gratifying flavor. Pkt. 10c.; 3 pkts. 25c.

MUSK MELONS

JUNG'S BIG PROFIT

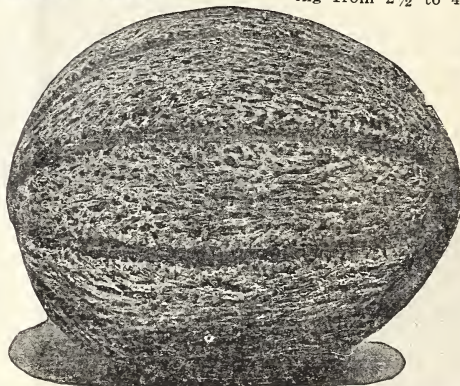

Market gardeners who grow melons for profit will find this to be the best to be had in a melon of large size and superior quality. As shown in the illustration the melons are oval shape, skin light green and coarse netting. The flesh is deep orange colored, very thick, deliciously sweet and of superb flavor. The melons are large in size, averaging about 10 lbs. and ripen medium early for so large a melon. A valuable thing about this melon is that they will keep in good condition and improve in flavor for five or six days after picking. The rind is very tough which makes them carry well to distant markets. Pkt. 8c.; oz. 25c.; $\frac{1}{4}$ lb. 60c.; lb. \$2.00.

JUNG'S BIG PROFIT

EXTRA EARLY KNIGHT

Positively the earliest green-fleshed musk-melon ever grown. Of medium size, weighing from $2\frac{1}{2}$ to 4 pounds. The skin is green ribbed and netted, the flesh deep and thick and light green in color, inclining to yellow toward the center. In flavor it is exceedingly fine. A heavy cropper and absolutely the earliest of all muskmelons. We recommend it particularly to all whose profit depends upon being first in market and their uniform size and shape combined with their delicious flavor sell rapidly at high prices. If you want a firm, solid melon and the first on the market plant Early Knight. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 45c.; lb. \$1.60.

EXTRA EARLY KNIGHT

HEARTS OF GOLD

HEARTS OF GOLD

This is a melon of the highest quality, the deep golden salmon flesh is so sweet and delicious it will make your mouth water. It is an ideal shipping melon as it has a tough rind, also very desirable for the home garden. The melons are of medium size, averaging 5 to 6 inches in diameter, yet they are very heavy because of the thick flesh and small seed cavity. The netting is heavy and dense, extending practically over the entire melon. The vines are vigorous, blight resisting and very productive. Our seed is extra select being saved only from the very best melons. Pkt. 10c.; oz. 25c.; $\frac{1}{4}$ lb. 50c.; lb. \$1.85.

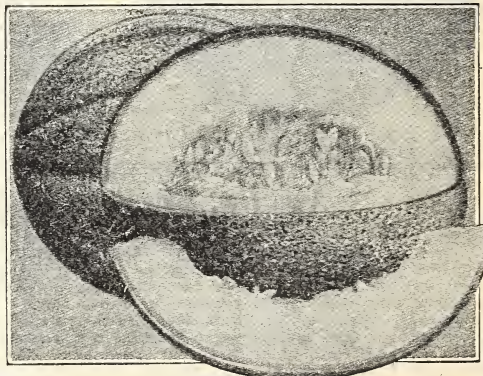

JUNG'S SELECT EXTRA EARLY OSAGE

The finest flavored and sweetest Musk Melon in cultivation. Fully equal to the Emerald Gem in flavor. The flesh is very thick, of an attractive deep salmon color and surpassingly sweet to the very rind. It is most vigorous in growth, very early and extremely prolific. Each vine sets from five to nine melons around the stem and frequently touch one another. For handsome appearance, extreme earliness, great productiveness and superb quality it is unexcelled. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.

NEW EARLY FORDHOOK

An excellent main crop medium to large, oval, salmon-fleshed melon. The fruits are slightly oval, dark green, slightly ribbed and partly covered with heavy gray netting. The flesh is rich orange-salmon very thick and fine grained and highly flavored. Of vigorous growth, the foliage is of such firm texture that the vines resist the attacks of insects and blight. It is very prolific for so large a variety, frequently producing as many as ten large melons to a vine. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 45c.; lb. \$1.60.

EXTRA EARLY OSAGE

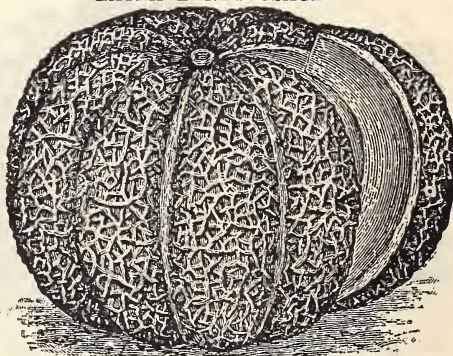

King Winter Melon

By planting this variety you can have watermelon for your Christmas dinner as they are remarkable keepers. The melons are round, have a thin hard rind and are very solid, they are from 8 to 12 inches in diameter and sell well at all seasons. Flesh is bright red and very sweet. Vines are very vigorous growers, very productive and will ripen quite early. Pkt. 10c.; oz. 25c.; $\frac{1}{4}$ lb. 50c.

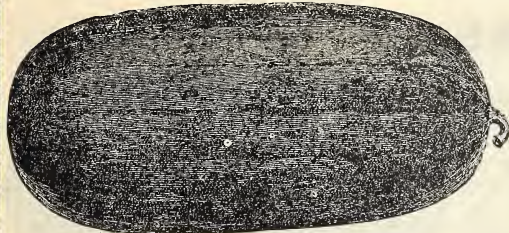

A. B. Gilbert, Minneapolis, Minn.—Was well pleased with the seeds from you last year, the climbing Water Melon was a most agreeable surprise to me.

KING WINTER MELON

NEW EARLY FORDHOOK

IMPROVED KLECKLEY SWEETS

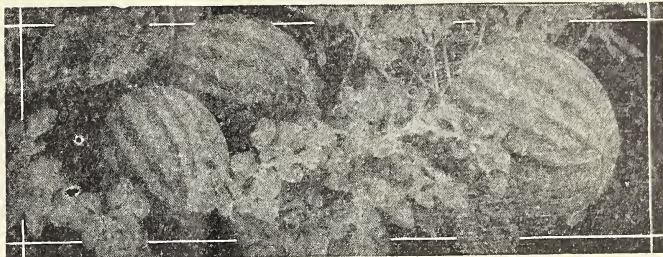

IMPROVED KLECKLEY SWEETS

There probably is no watermelon superior in quality to a good strain of Kleckley Sweets. The bright red flesh is the ideal of watermelon quality—firm, crisp, entirely free from stringiness and "sweet as sugar". The melons are oblong in shape, about 20 inches long by 10 to 12 inches in diameter. The rind is dark green, thin, brittle and for this reason is not a good shipper for distances over 100 miles, but for home use or markets it is in a class by itself. Our seed is an extra select strain. Pkt. 7c.; oz. 12c.; ¼ lb. 25c.; lb. 85c.

WATER MELONS

FORDHOOK EARLY

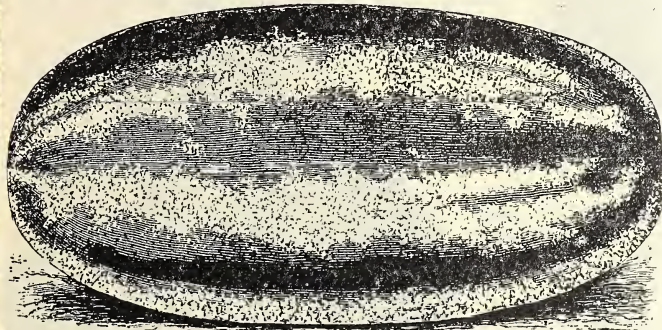

This is the only extra early watermelon we have that is of good size and quality. The fruits are of large size, rather short and blocky in form with large diameters. Flesh is bright red, crisp, sweet and of splendid quality, and continues to improve after ripening. The heart is large, there is no seed cavity and very few seeds. The vines are of strong vigorous growth setting large melons in good numbers. Skin is dark green with occasional faint stripes of light green. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

FORDHOOK EARLY

JUNG'S IMPROVED PEERLESS

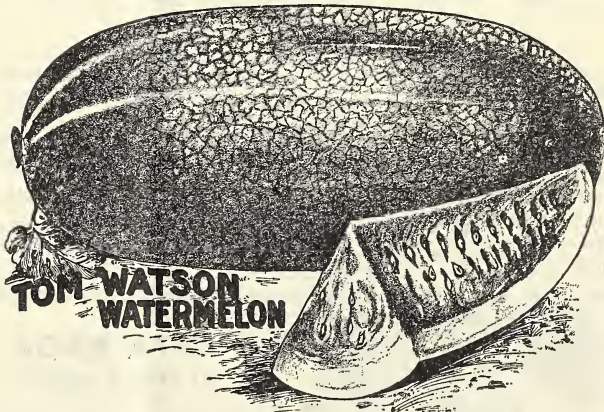

We offer a highly improved strain of this popular melon, you will find it to be earlier and of much better quality than the seed usually offered. The melons are oblong and often attain a weight of 25 lbs.; rind is light green with darker green markings. Flesh is brilliant red, deliciously sweet and melting. Its handsome appearance makes it a rapid seller and for the home garden it is hard to beat. Our strain will ripen very early, you will make no mistake by planting it. Pkt. 7c.; oz. 15c.; ¼ lb. 35c.; lb. \$1.00.

JUNG'S IMPROVED PEERLESS

TOM WATSON

Best Quality! Best Shape! Best Shipper! Best Size and Best Appearance! The Tom Watson is an extra large melon of attractive appearance, uniform in shape and quality. The luscious flesh is "sweet as honey" melting and of superb flavor. The average melon weighs from 35 to 40 pounds and measures about 20 inches in length and 12 inches in diameter. It is very prolific, producing in great abundance the delicious fruits. The dark green rind is tough, but thin and easily withstands shipping to far distant markets. The heart is large, with no sign of core. Pkt. 5c.; oz. 10c.; ¼ lb. 30c.

TOM WATSON WATERMELON

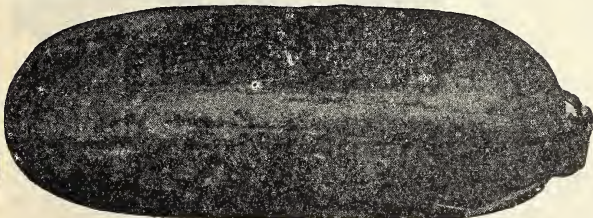

Special Offer No. 6

If you wish to raise a fine lot of choice melons plant the following:

SELECT EARLY OSAGE	JUNG'S BIG PROFIT
FORDHOOK EARLY	HALBERT HONEY
KING WINTER MELON	
1 Pkt. of each for 25c.	
1 Ounce of each for 65c.	

HALBERT HONEY

The very finest melon in cultivation for home use or nearby markets. A melon that has no equal in beauty, quality and productiveness. The melons are smooth and regular in outline, 14 to 18 inches long and 8 to 10 inches in diameter. Color of the rind is a clear, glossy deep green. The first melons ripen early and the vines continue to develop fine fruits throughout the season. The sweet flesh melts away in your mouth like honey. Pkt. 5c.; oz. 10c.; ¼ lb. 30c.; lb. 90c.

HALBERT HONEY

Citron or Preserving Melon

A large fruited variety, pure white flesh and thin rind. This is expensive when bought, yet can be grown and preserved by any energetic housewife who will then know it to be absolutely pure and good. It is planted like watermelon. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.

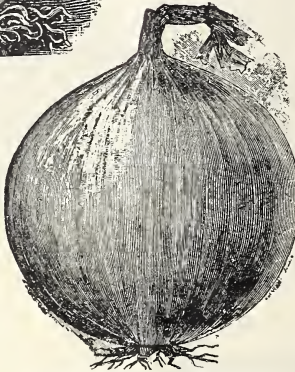

ONIONS

We make a specialty of "HIGH GRADE" ONION SEED. It is better to plant no Onions at all than to sow seeds of poor quality. Our seed is grown from the finest selected bulbs and is of strong vitality.

PRIZETAKER

This is one of the largest Onions in cultivation. It is a large beautiful Spanish variety so often seen in the fruit stores and markets of the large cities. Bulbs are nearly globe shaped with a bright, straw-colored skin growing to an immense size the first season from seed. They ripen up without stiff necks and present a very handsome appearance. The flesh is pure white, fine grained, delicious and mild in flavor; fine for fall and early winter use. Pkt. 8c.; oz. 20c.; ¼ lb. 65c.; lb. \$2.50.

SOUTHPORT GLOBE ONION

Three True Globe Onions

The Southport Globe Onions have increased wonderfully in public favor during the past few years and they will deserve their popularity. In almost all markets they invariably bring top prices. They are not only of handsome appearance, remarkable solidity and good keepers but also fully equal in yield to the best strains of any variety.

SOUTHPORT YELLOW GLOBE

One of the most popular varieties for both home or market use. It is an enormous yielder, under normal conditions will produce 800 bu. per acre. The onions are models of perfection, veritable globes of gold. The small necks enable the onions to ripen early. Pkt. 8c.; oz. 25c.; ¼ lb. 75c.; lb. \$2.50.

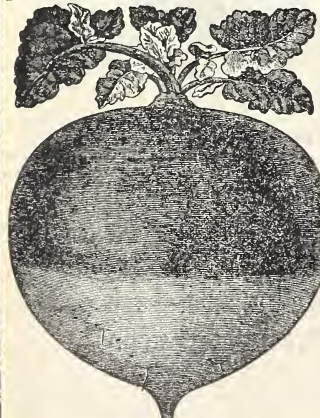

SOUTHPORT RED GLOBE

A handsome dark red onion of large size, solid and of perfect globe shape. Our strain of this seed is unsurpassed, having been grown from perfect globe shaped bulbs with small necks which insure even ripening and long keeping. Pkt. 8c.; oz. 30c.; ¼ lb. 80c.; lb. \$2.75.

SOUTHPORT WHITE GLOBE

Without any exception the finest of all white onions, almost like silver globes. Very similar to the above except in color. Pkt. 10c.; oz. 35c.; ¼ lb. \$1.10; lb. \$4.00.

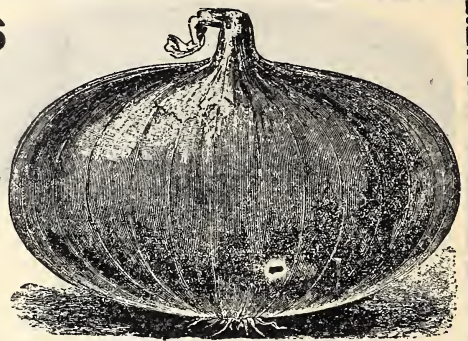

Mrs. Wm. Fuchs, Mohall, N. Dak.—This is the third year sending for your seeds, the Japanese Onion sets were the best we ever had, also the Golden Acre Cabbage, had the first cabbage on the market. We couldn't get along without JUNG'S seeds anymore.

PERFECT MODEL

RUTA BAGA PERFECT MODEL

A great improvement in the stocks of Ruta Bagas offered. Roots grow to good size, are smooth and solid and do not have a tendency to grow a long neck. The roots are a rich yellow at the bottom and purple on top. Flesh deep orange in color, fine grained and very sweet. A most profitable variety to grow for market. Pkt. 5c.; oz. 15c.; ¼ lb. 25c.; lb. 95c.

LARGE RED WETHERSFIELD LARGE RED WETHERSFIELD

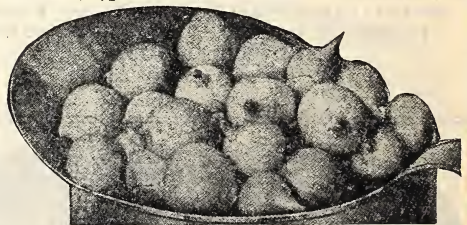

The most popular red variety. It is very productive having yielded over 1600 bushels per acre. It is not an early ripening sort but continues in growth throughout the season and consequently makes a very large onion; the bulbs are large, though somewhat flattened as shown in the illustration. The outer skin is a deep purplish red, with flesh slightly tinged with rose. It is a fine keeper, suitable for late markets. The flavor is good and mild, admirable for boiling. The best variety for poor or dry soils. You will make no mistake by giving this variety a trial. Pkt. 8c.; oz. 20c.; ¼ lb. 60c.; lb. \$2.25.

AILSAL CRAIG
AILSAL CRAIG

The Giant Among Onions. Always Gets First Prize.

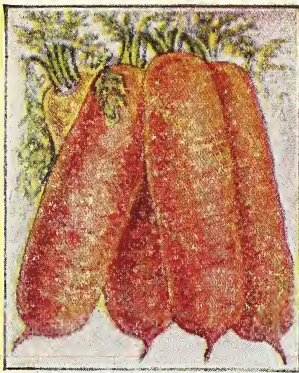

We offer a very choice strain of this popular Onion which on account of its large size is in great demand. Specimens have been grown weighing 2 pounds and more. It is globe shaped and has a very small neck, a sure indication of fine quality. The skin is a beautiful straw color; flesh pure white, tender and of mild delicate flavor; for eating raw it has no equal. If you want to grow big onions plant Ailsal Craig. Pkt. 10c.; oz. 30c.; ¼ lb. 75c.; lb. \$2.85.

JAPANESE ONION SETS

JAPANESE ONION SETS

The finest thing ever offered in Onion Sets and will no doubt displace all other sets. The common sets when grown during the summer often run to seed, these sets instead of running to seed will mature a large handsome bulb of yellow or golden color, very solid and excellent keepers. Those who have used the sets before are now planting them entirely. We guarantee them to give satisfaction or will refund your money. Pt. 25c.; qt. 40c.; 4 qts. \$1.35, postpaid.

GOLDEN GIANT CARROT

BOUNTIFUL EVERBEARING BEANS

EXTRA EARLY EXPRESS PEAS

Garden and Flower Seed Specialties

MOLTEN FIRE--Tricolor

A wonderfully fine ornamental plant that is sure to attract attention wherever grown on account of its brilliant color. Plants grow rapidly and have bronze colored foliage until the plants attain a height of about 2 ft. when the tips of the branches open up like gigantic poinsettias taking on a bright scarlet and gold color. Pkt. 10c.; 3 pkts. 20c.

Mrs. H. W. Newton, Amherst, N. H.—The Aster seed purchased from you last spring was the finest I ever had, especially the "Betty Jung."

PEAS--Extra Early Express

A splendid extra early dwarf that will give you both quality and yield. Vines grow 12 to 15 inches tall and are heavily set with pods that contain 6 to 7 large deep green peas. You will be delighted with it. Pkt. 10c.; ½ pt. 25c.; pt. 35c.; qt. 65c.

BUSH BEANS

Bountiful Everbearing

A very thrifty and hardy green-pod bean that is sure to yield a good crop. Comes into bearing very early and continues to bear for a long time. Pods are flat, 6 to 7 in. long, very fleshy, tender and stringless. Very popular for market as it is free from disease. Pkt. 10c.; ½ pt. 25c.; pt. 35c.; qt. 60c.

CARROT--Golden Giant

If you wish to grow some real big carrots that have quality and size then try Golden Giant. In deep mellow soil they will grow to weigh 3 to 4 lbs. and will be of the finest quality, free from core and stringiness. Will yield enormously. Pkt. 8c.; oz. 15c.; ¼ lb. 50c.; lb. \$1.75.

MOLTEN FIRE

Summer Azalea or Satin Flower

An easy growing annual that rivals the Azalea for beauty of its fine rose-like blossoms. Seed may be sown in the garden and by June they are a mass of blossoms completely hiding the foliage. Blossoms shiny like satin, deep rose colored and remain in blossom a long time. Pkt. 7c.; 2 pkts. 10c.

Chinese Lantern Plant

A magnificent plant for the garden during summer or for pots in winter. They may be grown from seed and will fruit freely during the first season, in the fall they may be taken up, placed in pots and they will make superb plants as the bright colored "lanterns" remain on the plants a long time. Branches of the "lanterns" may also be cut and dried for winter bouquets as they retain their bright red color for a long time. Growing instructions on every packet. Pkt. 10c.; 3 pkts. 20c.

Betty Jung Asters

This new Aster outrivals anything we have seen yet in Asters and we have been growing and improving them for 17 years. The above cut is from a photograph of our daughter, Betty after whom we have named them; she is 3 feet tall and many of the flowers reached up to and above her head; it is by far the longest stemmed variety to be had.

The plants are very vigorous growers and instead of producing a large number of lateral stems the entire strength seems to go toward producing from 6 to 10 long main stems, each of which is crowned with one of the mammoth rose-pink flowers. The flowers are giant in size, very full and double and of very lasting quality; the type of flower is well shown in the illustration. White, Bright Rose, Shell-pink, Deep Purple and Mixed. Pkt. 15c.; ¼ oz. 50c. Pkt. of each color for 35c.

SUMMER AZALEA

CHINESE LANTERN

BETTY JUNG ASTERS

GOLDEN PLUME CELERY

Golden Plume Celery

This is a fine new celery that we can recommend without reserve. It is fully a week earlier than Golden Self Blanching, is similar in color and flavor but is superior to it as this variety blanches more easily, is more blight-resistant. It has been especially selected for large solid hearts. Specimen stalks have been grown 2 ft. tall and $4\frac{1}{4}$ in. thick. Has been blanched in the remarkably short period of 5 days. **Select Seed:** Pkt. 12c.; $\frac{1}{2}$ oz. 35c.; oz. 50c.; $\frac{1}{4}$ lb. \$1.75.

CABBAGE

Disease Resistant Ballhead

This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as the heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. Pkt. 12c.; $\frac{1}{2}$ oz. 25c.; 1 oz. 45c.; $\frac{1}{4}$ lb. \$1.45.

SQUASH--Table Queen

A squash that will suit the most exacting critic. Unexcelled for either baking or pies. If you want something in extra fine "eats" cut one of the squash in half, put in a lump of butter and bake, this serves one person amply. It ripens early, will keep all winter and is so productive that a few hills will produce enough for an average family. Pkt. 10c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.

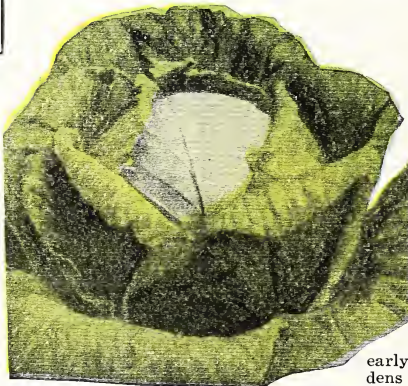

TABLE QUEEN

Jung's Pedigree Snowball Cauliflower

This we know from carefully conducted trials to be one of the finest strains of Snowball Cauliflower to be had. Our strain has been selected for extreme earliness, uniform solid heads and sureness to produce those fine white heads that always command top prices. Market gardeners who want the "very best" will not go wrong in planting our select strain. Pkt. 15c.; $\frac{1}{4}$ oz. 75c.; $\frac{1}{2}$ oz. \$1.40; oz. \$2.25

PEDIGREE SNOWBALL CAULIFLOWER

GOLDEN ACRE

DISEASE RESIST. BALLHEAD

DEL. EXTRA EARLY

SWEET CORN

Delicious Extra Early

After trying out many varieties we know this to be the most delicious and lusciously sweet corn of them all. As its name denotes it is both delicious and early. A splendid variety for small or city gardens as the stalks are dwarf and can be grown closer than most other kinds. Try it once and you will want it every year. Pkt. 12c.; $\frac{1}{2}$ pt. 25c.; pt. 40c.; qt. 70c.

CABBAGE--Golden Acre

A wonderfully fine, extra early, round headed cabbage being ready for cutting ahead of Jersey Wakefield. The heads are of good size, very round, solid and every one just alike. Plants grow very compact and may be set close together. Plant this cabbage for market and it will prove to be your "golden acre" as your crop will be ready to cut while prices are high. Pkt. 12c.; $\frac{1}{2}$ oz. 30c.; 1 oz. 50c.; $\frac{1}{4}$ lb. \$1.50.

CUCUMBER--Earliest of All

By planting this variety you can have cucumbers ready to use when most others are only in blossom. Not only is it extra early but it also produces fruits of fine quality and is very productive. Excellent for slicing or pickling and will continue in bearing a long time if fruits are kept picked. Pkt. 8c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.

EARLIEST OF ALL

Hardy Northern Grown Berry Plants

GUARANTEE—We guarantee all plants to reach you in good condition and will replace free of charge any damaged plants but complaints must be filed within 10 days after receipt of plants.

Perfected Mastadon

(See Front Cover)

The greatest Strawberry ever introduced. Will produce just as large a crop of berries in the summer and fall as ordinary varieties do in June. It produces large deep rooted plants that carry immense loads of the giant sized luscious berries. By planting this variety this spring you can have a large crop of fine berries this fall and unlike most other Everbearers they will give you just as large a crop next spring as any spring bearing variety. We have the genuine true stock but advise early orders. Guaranteed to give satisfaction. 25 for \$1.50; 50 for \$2.75; 100 for \$5.25, postpaid.

Champion Everbearing

The standard "Everbearing" variety that always gives satisfaction. It is very productive, berries are medium sized, deep rich red and of excellent quality and flavor. Will commence bearing three months after the plants are set out and will continue to bear until severe frosts in the fall. Guaranteed to give satisfaction. 25 for 90c; 50 for \$1.50; 100 for \$2.50, postpaid.

Jung's Wonderbearing

A strawberry that will delight all growers who want a variety that combines fine quality and great productiveness. These plants are very vigorous growers and seem to succeed almost anywhere; they grow upright and carry the fruit well from the soil; it is medium early in ripening. The berries are of large size, some specimens 2 inches in diameter, of extra fine quality and handsome appearance. We offer strong plants of our own growing; 25 for 60c; 50 for 90c; 100 for \$1.35.

Jung's \$2.00 Berry Collection

It costs almost as much to pack a few plants as a large order and so that you may benefit by this saving we are making a special offering of select plants at a greatly reduced price. If bought from tree agents this assortment would cost you at least \$3.50. This collection will be sent all charges prepaid for \$2 and consists of the following:

- 25 GIBSON STRAWBERRIES
- 6 VICTORY GIANT RASPBERRIES
- 6 CUMBERLAND BLACK RASPBERRIES
- 3 ST. REGIS EVERBEARING RASPBERRIES
- 25 CHAMPION EVERBEARING STRAWBERRIES

Complete instructions on "Growing Berries" will be sent free with each collection.

JUNG'S WONDERBEARING—top
GIBSON—below

Gibson

This is considered to be one of the best main crop varieties. In the big strawberry sections more Gibsons are planted than any other, it out-yields and out-sells all other berries on the market. The plants are extra strong growers and bear for a long time thus making a heavy yield. The berries are very large, of a beautiful red color and finest quality. We know you will not be disappointed with Gibson. We have some wonderful extra strong plants. Price 25 for 50c; 50 for 80c; 100 for \$1.25; 1000 for \$8.50.

Jung's Special STRAWBERRY OFFER

If you want the best to be had in Strawberries plant the following:

Mastadon Everbearing
"Cooper" The Giant
Jung's Wonderbearing
Gibson

25 of each (100 in all) for \$3.00
50 of each (200 in all) for \$5.50
100 of each (400 in all) for \$9.75
Postpaid

"Cooper" The Giant Strawberry

The Wonder Among Strawberries. Immense Yielder. Finest Quality. The Largest Berries of All

The Cooper makes an extra large plant and a wonderful root growth thus enabling it to resist drought. It is one of the most remarkable yielders as the remarkable strength of the plant gives it power to carry every berry to maturity. There are a good number of fruit stems to each plant and these are literally loaded with berries. When you take into consideration that Cooper berries are 2 to 3 times the size of ordinary varieties you can have some idea of its enormous yield. The berries are bright red, of the best quality and the most delicious flavor. Cooper is unexcelled for size, quality and yield. Price 25 for 75c; 50 for \$1.25; 100 for \$2.25.

"COOPER"
THE GIANT STRAWBERRY

JAPANESE BARBERRY

Japanese Barberry

By far the most desirable and useful of all shrubs. Of neat, dwarf graceful appearance and handsome at all times of the year, excellent for hedges, borders for larger shrubs or grown in single specimens. Attractive deep green all summer followed by striking red berries in the fall which remain on the bushes all winter. This variety is recommended by the U. S. Government. Strong well branched plants, each 25c.; 3 for 65c.; 12 for \$2.25. Extra large plants each 35c.; 3 for \$1.00; 12 for \$3.00; 25 for \$5.50 not prepaid.

WIEGELA

Shady Spot Lawn Grass

This is a mixture carefully prepared for sowing under large trees and other heavily shaded places where ordinary grass will not thrive. Lb. 60c.; 5 lb. \$2.75, postpaid.

Fancy Wisconsin White Clover

For some lawns, especially in poor clay soil, it is advisable to use White Clover liberally. For renovating old lawns it is especially valuable as it will take hold where other grasses will fail. Fancy Seed: 1/4 lb. 20c.; 1/2 lb. 35c.; 1 lb. 60c.; 5 lbs. \$2.75 postpaid.

Hardy Northern Grown Ornamental Shrubs and Vines

In planting shrubs the tops should be severely pruned back, unless this is done perfectly good shrubs will often fail to grow. If desired we will properly trim the shrubs when we send them out, if wanted trimmed please state this on your order.

We offer a list of the most popular and highly desirable ornamental shrubs and vines. They are of our own growing and are very hardy. They are all strong 2 and 3 year old field grown plants and should not be compared to small 1 year plants that are often offered at low prices. We guarantee them to reach you in good condition.

NOTE—We send out plants and shrubs as early in the spring as we can dig them, usually April 1 to 10th. This may seem late to customers living in the south but as the plants are in a dormant state they are sure to grow.

AMOOR PRIVET

Mrs. M. W. Bowman, Spencer, W. Va. —I find your shrubs and seeds the nicest of any I have ever bought.

Mrs. W. C. Shanly, Binghamton, N. Y. —I can recommend your shrubs very highly as I received them very promptly and in fine shape.

Persian Lilac

One of the finest lilacs grown. It grows 3 to 5 ft. tall and does not spread all over your lawn like the common kinds. Flower heads are very large and borne in great profusion. Very graceful. Each 60c.; 3 for \$1.50.

PERSIAN LILAC

GOLDEN LEAVED SPIREA

Golden Leaved Spirea

The foliage of this shrub is a bright golden yellow and in June the branches are covered with double white flowers. This is one of the finest golden-leaved shrub and excellent for planting among other shrubs as the contrast of yellow and green is very conspicuous and pleasing. Each 25c.; 3 for 65c.; 12 for \$2.35.

P. A. Ackerman, Arlington, S. D. —The Wistaria I got from you last spring is now about 12 ft. tall, also the Lawn Grass is doing fine.

SPIREA VAN HOUTTEI

Spirea Van Houttei or Bridal Wreath

One of the best known and most useful shrubs as it succeeds everywhere. Fine for setting singly or among other shrubs, very largely used in all landscape work. It forms a round and graceful bush with drooping or arched branches which in June are completely covered with snow-white blossoms. Will fit in wherever graceful effect is desired and always gives satisfaction. Extra strong plants each 25c.; 3 for 65c.; 6 for \$1.25; 12 for \$2.25.

Philadelphus or Mock Orange

A tall, vigorous and hardy shrub. It grows very rapidly and in May and June the bushes are covered with large white flowers very much like orange blossoms, very fragrant and fine for cuttings or bouquets. This is a valuable shrub for backgrounds, grouping or specimen plants. They not only make a grand display at flowering time but they continue to please with their attractive foliage. Strong bushy plants: each 30c.; 3 for 75c.; doz. \$3.00.

WISTARIA--Chinese Purple

A rapid growing vine unsurpassed for beauty, excellent for pergolas, porches or trellises as it has a tightly clinging habit. It is very hardy and lives to a great age, doing as well in the city under unfavorable conditions as in the country. They are especially ornamental in the early summer when the vines are covered with the large drooping blossoms. Strong 2 yr. old plants: each 35c.; 3 for \$1.00; 12 for \$3.50.

WISTARIA

DUETZIA

Amoor River Privet

This is the well known hardy Privet and the only one suited for planting in the North. Very largely used for hedges and ornamental plantings as it can be pruned to suit your fancy, the more you prune it back the bushier it will grow. Leaves are bright, glossy green and not subject to blight. 3 for 40c.; 10 for \$1.00; 100 for \$9.50.

DUETZIA

Pride of Rochester

The most popular and also the most vigorous variety. Excellent to grow as a specimen as it will grow 5 to 6 feet tall in good soil. It has large double white flowers which are produced in great profusion along the stems. A very beautiful and useful shrub. Each 30c.; 3 for 75c.; doz. \$3.00.

Snowberry

A valuable and desirable shrub with pink flowers which are followed by large white wax-like berries which hang on the plant through fall and most of the winter. Grows 3 to 4 feet high, very showy and succeeds almost anywhere. Of special value for planting in shady places where few other shrubs will grow. Strong bushy plants each 25c.; 3 for 70c.; 12 for \$2.40.

Mrs. Frank Hillman, Greenwich, N.Y. —The shrubs we ordered from you last year came through fine and we are very much pleased with the shape and size; have proved to be the best shrubs we have.

The Fragrant Cinnamon Vine

Cinnamon Vines are the most desirable, easiest grown climbers in the world. No words can describe their delicious fragrance. Perfectly hardy, thriving in all soils, in sun or shade, wet or dry, no insects, blight or disease of any kind will ever trouble them. Large tubers will quickly climb 30 feet or more and surround your windows and cover your porches, walks, etc., with a mass of vines, covered with pretty heart-shaped leaves, making them perfect Bowers of Beauty. They have a charm unknown to all climbers. The tops die down in the fall but grow again very rapidly in the spring, often growing 10 or more inches in a day. Plant a half-dozen under that sunny window. Extra strong tubers, each 10c.; 3 for 25c.; doz. 90c.

PHILADELPHUS —MOCK ORANGE

LAWN GRASS

Jung's Fairfield Special Mixture

ALWAYS GROWS, ALWAYS THRIVES. HARDY DEEP VELVETY GREEN, SURE TO PLEASE

Our mixture combines the very best varieties of grasses suitable for the purpose of making a lawn beautiful in appearance, durable and lasting, which will stand the frosts of winter and the hot sun of summer, showing a deep, rich green at all seasons. The seed used is PURE AND HEAVY and is especially cleaned. This mixture weighs from 25 to 27 pounds per bushel, is of strong vitality and makes a quick, healthy growth. One pound of our seed weighs as much as two quarts of other seedsmen's brands. It contains the right quantity of White Clover but no Timothy or other cheaper grass seeds. Nothing better to be had. Lb. 45c.; 5 lbs. \$2.00, postpaid. Not prepaid: Lb. 40c.; 5 lbs. \$1.75; 25 lbs. \$7.50.

GIANT VICTORY

Early King Raspberry

Acknowledged by most to be the most profitable Red Raspberry. In the big berry growing section of Michigan over 75 per cent are King which is the best endorsement of its superiority. The King ripens early and owing to its wonderful productiveness continues in bearing for a long time. The berries are very large, firm, bright red in color and very easily picked. They are delicious whether eaten fresh or preserved. It is the most profitable commercial variety and for home use cannot be surpassed. If you want a big supply of the finest red raspberries plant Early King. Price 6 for 40c.; 12 for 75c.; 50 for \$2.00; 100 for \$3.50.

Miss Eva Fellenz, Waunakee, Wis.—The shrubs I got from you are just fine; please send me another half dozen Spireas.

Cumberland Black Raspberry

The largest black raspberry grown. This is offered with the full assurance that it is the most desirable variety, because of its immense size, fine quality and great productiveness. It is a wonder in size of berries and vigor of growth and is as hardy as any variety grown. Fruit is jet black and of extra fine quality. Every garden should have some of the fine berries. Black raspberries can be easily grown and make a profitable crop to grow for market. 6 for 40c.; 12 for 75c.; 50 for \$2.00; 100 for \$3.75.

The Great Concord Grape

The best known and most widely grown grape in cultivation. It is hardy and succeeds everywhere. Bunches are large and compact, fruit large and purplish black. It's easy to grow grapes and everyone should set out a few plants. Price of strong well rooted plants 3 for 40c.; 12 for \$1.50.

RHUBARB OR PIE PLANT

The New Giant Victory Raspberry

This new variety is a seedling of Cuthbert and but for several seasons resembles it very much has produced twice as many berries bush for bush. It produces very large berries and has proved to be very hardy. Produces the largest berries of any red variety and also grows strong healthy bushes. 6 for 50c.; 12 for 80c.; 100 for \$4.75.

ST. REGIS EVERBEARING

St. Regis Everbearing Raspberry

This new red raspberry will give you a fine crop of fruit from June until the berries freeze in the fall. A wonderful variety as fruit commences to ripen with the earliest and continues bearing on the young canes until October. Berries are bright crimson in color, large size, flesh very firm and meaty and of fine raspberry flavor. The canes are very vigorous growers and well covered with heavy green foliage. St. Regis is a very heavy bearer in the regular berry season and besides will also give you a crop in the fall when fresh berries are always welcome. 6 for 50c.; 12 for 85c.; 50 for \$3.00; 100 for \$5.50.

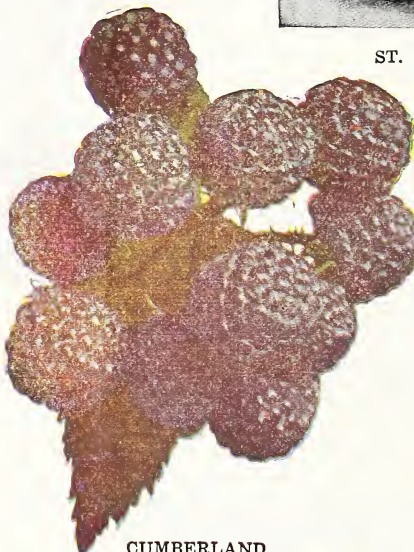

A great part of growing a profitable crop of berries depends on properly setting out and caring for the crop. Unless the right care is given the best plants will not produce a satisfactory crop. To assist you in every way we have prepared a set of complete cultural instructions for small fruits and will send same free with every order for plants.

Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety. This variety is the result of many years work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size, yet they remain so crisp and tender that they may be eaten raw. We have some very choice strong roots of our growing but advise early orders. 25 for 65c.; 50 for \$1.25; 100 for \$2.00; 1000 for \$12.50.

WASHINGTON ASPARAGUS

CUMBERLAND

CONCORD GRAPE

Rhubarb or Pie Plant

A few Rhubarb plants should be in every garden. They are excellent for pies or sauce and are ready for use at a time when no other fresh fruits can be had. Price 3 for 25c.; 12 for 85c.

Mrs. A. F. Porter, Wyocena, Wis.—I have had some of your berry plants and they are the best I ever had.

JUNG'S SUPER GIANT GLADIOLI

GLADIOLI

There is no bulb of such easy culture, embracing the great range of color with endless combinations and variety, to equal the Gladiolus. Our bulbs are of the finest quality and will give bountiful satisfaction the first season. The bloom is continuous from the end of July until frost. Culture instructions will be sent with each order.

GOLDEN MEASURE—A giant flowered deep golden yellow gladioli, conceded to be one of the best glads ever introduced. Flowers are large, well arranged and many open at one time. Very strong growers, on our farms many were over 5 ft. tall. Each 25c.; doz. \$2.50; 100 for \$8.50.

MARY PICKFORD—Another new "glad" that is well worthy to be classed among the best varieties. The flowers are light cream with a sulphur-yellow throat. They are produced on a long straight spike and 6 to 8 open at a time. You will be delighted with this variety. Each 20c.; doz.; \$2.00; 100 for \$7.00.

E. J. SHAYLOR—The largest flowered deep rose pink variety. Grows very tall and has many of the giant ruffled flowers open at one time. Each 15c.; doz. \$1.50; 100 for \$6.00.

WHITE GLORY—A pure glistening white variety without a blemish and should be included in every collection of the best varieties. Flowers are large, pure white and of good substance. The best white variety. Each 20c.; doz. \$2.25; 100 for \$8.00.

ROYAL PURPLE—This is one of the best of the newer introductions. Flowers are of immense size and a rich blue or purple color. A very strong grower, stalks are straight and the flowers are well placed. Each 25c.; doz. \$2.25; 100 for \$7.50.

MRS. DR. NORTON—If you want something dainty and delicate this variety is sure to please. Flowers are pure white with tips of petals suffused La France pink. A wonderful variety. Each 15c.; doz. \$1.50; 100 for \$6.50.

CHEERFUL—This we consider one of our very best glads; a bouquet of these flowers will cheer up the most gloomy room. Flowers are of immense size, well placed on long straight stems and of a bright live red color. We know you will be delighted with it. Each 20c.; doz. \$2.00; 100 for \$6.75.

GLADIOLI OFFER NO. 1

The above 7 varieties are the best to be had in Gladioli.
1 Strong Bulb of Each (7 in all) for \$1.00

GLADIOLI OFFER NO. 3

One strong bulb of each named variety, (14 in all), each wrapped separately for only \$1.40.

Jung's Super Giant Gladioli

This is without any exception the finest mixture of Gladioli, it has been put up for those who wish to have the best to be had. No matter what price you pay you cannot get anything better. It is made up of only the very best giant flowering varieties and includes all colors such as white, yellow, shell-pink, rose, fiery red, coral-pink, orange, purple and many others. Many of them will grow 4 to 5 feet tall and produce flowers 5 inches and more across. The mixture is carefully put up so that if you would order a dozen bulbs no two would be alike. These are all strong select bulbs and we will replace free of charge any that fail to blossom. If you wish a real surprise in Gladioli plant this select mixture. 6 for 55c.; 12 for \$1.00; 50 for \$3.50; 100 for \$6.75 postpaid.

GLADIOLI OFFER NO. 2

The 8 varieties listed below are all fancy large flowering "Glads" and are sure to please.

1 Strong Bulb of Each (8 in all) for 50c.

LE MARSHAL FOCH—An improved America. Immense spikes, 2 to 3 feet long, single flowers measure 5 inches across. Delicate shell-pink. Each 10c.; doz. \$1.00; 100 for \$4.50.

VELVET PRINCE—A very beautiful variety that must be seen to be appreciated. Flowers are of large size and a violet color overlaid with red. Strong grower and is very showy. Each 10c.; doz. \$1.00; 100 for \$4.75.

GOLDEN WEST—The largest and strongest growing yellow Gladioli. Flowers large, pure canary yellow, lower petal marked with scarlet. Each spike produces 15 to 20 flowers. Each 8c.; doz.; 75c.; 100 for \$4.50.

MRS. FRANK PENDLETON—Given the highest award by the American Gladioli Society as the most beautiful variety. Delicate salmon-pink with blood red blotches on lower petals. Flowers and spikes are of giant size. Excellent for decorating. Each 10c.; doz. \$1.00; 100 for \$4.50.

MRS. FRANCES KING—Of exceptional value for cut flowers. Color is a very pleasant light scarlet. Individual blossoms are five inches in diameter and sometimes larger. Spikes produce 12 to 18 flowers and grow four feet high. Flowering is continuous. Each 7c.; doz. 60c.; 100 for \$3.75.

PANAMA—The best deep pink or rose colored variety and attracts attention wherever shown. Spikes are long with flowers large and well arranged. Each 7c.; doz. 75c.; 100 for \$4.25.

PRINCE OF WALES—An early flowering sort producing fine spikes and large flowers of a delicate salmon pink. Very showy on account of its beautiful color. Each 10c.; doz. 75c.; 100 for \$4.25.

VELVET KING—Deep blood red, shaded with crimson. Flowers open very wide and are of enormous size. Each 8c.; doz. 90c.; 100 for \$4.25.

Jung's Super Giant Mixed Zinnias

This is one of the finest mixtures of Zinnia seed to be had. It contains seed of all of those shown above besides many other colors. If you want glorious color around your house from early summer until frost plant some of these Zinnias. As they are produced on long stout stems they will make excellent bouquets for living up any room. Pkt. 10c.; 3 pkts. 25c.

JUNG'S SUPER GIANT ZINNIAS

Jung's Super Giant Zinnias

Our sales on the truly Giant flowered Zinnias are increasing every year. People who saw them in flower in our fields were amazed at the giant size of the flowers and brilliant colors. The plants make a strong growth and form compact bushes 2 to 3 ft. tall, the flowers are born on stiff stems well above the foliage. For a wealth of flowers plant them in rich soil, give frequent cultivations and lots of water and you will be surprised at the results. Flowers are often 5 to 6 inches across. They will be a glory to behold from early summer until frost.

CANARY BIRD—A lovely shade of primrose or lemon, very large flowers and holds its color for a long time. Pkt. 15c.

EXQUISITE—One of the most pleasing as regards form and size. Light rose with deep rose center. Pkt. 12c.

DREAM—A very attractive and desirable shade. Light lavender changing to purple. Pkt. 12c.

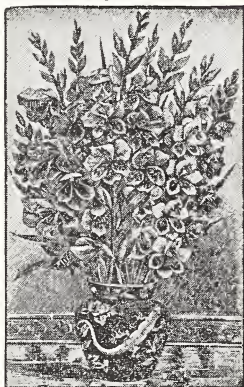

METEOR—A rich, deep glowing red and the darkest of all red shades. Flowers very large and produced in abundance. Pkt. 15c.

ORIOLE—Well worthy of the beautiful bird for which it was named. Immense, orange and gold bicolor flowers, but changing as the flowers grow older. Pkt. 15c.

POLAR BEAR—Decidedly the best pure white Zinnia. For size, color and free blooming it stands supreme. Pkt. 15c.

Jung's Supreme Mixed GLADIOLI

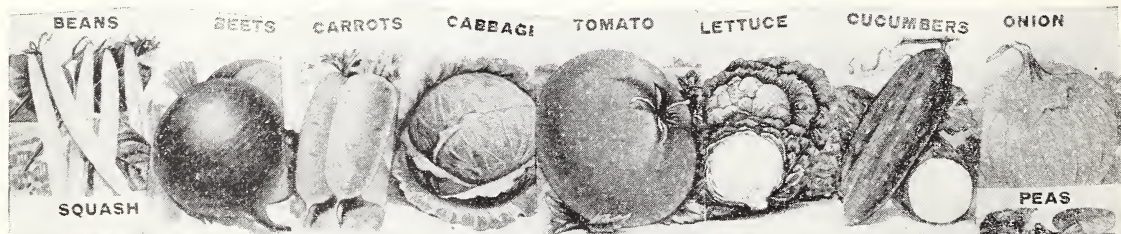

Many of our customers want a choice assortment of Gladioli at nominal expense and we have therefore made up a very choice lot of different types and colors. This is not made up of odds and ends and should not be confused with mixtures usually offered. We do not hesitate to recommend this mixture in every way. 6 for 25c.; 45c. per doz.; 50 for \$1.25.

SUPREME MIXED

SPECIAL OFFER No. 11

One packet of each of these six great Zinnias for 60c.

GARDEN PEAS

Our PEAS are northern grown and free from bugs. They are the earliest, hardest and most productive. They were grown from the finest selected stock, are bright, handsome, of perfect growth, were critically rogued and carefully hand picked. We advise our friends and customers to send their orders early so they may be filled before our stocks are exhausted.

Special Offer No. 7

The five luscious Peas listed on this page will provide a supply of sweet delicious peas throughout the season.

1 Pkt. of each for 30c ½ Pt. of each for \$1.00
1 Pt. of each for \$1.60 1 Qt. of each for \$2.95

LITTLE MARVEL

A New Extra Early Pea. The vines are of dwarf even growth, averaging fifteen inches and are heavily set with fine pods, frequently borne in pairs. The pods average about four inches in length, are square at the bottom and well filled with six to seven quite large deep green peas. The pods are ready for the table fully as early as American Wonder while the peas are larger and the vines produce a heavier crop. The peas retain their attractive dark green color and superb flavor when served at the table. You will be delighted with the choice flavor of Little Marvel. Pkt. 10c.; ½ pt. 25c.; pt. 35c.; qt. 70c.

Jacob Bong, Waunakee, Wis.—Your seeds were the best we ever had, had good luck with all of them.

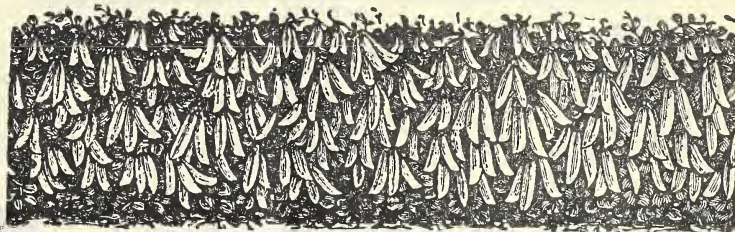

LITTLE MARVEL

EARLY EXCELSIOR

EARLY EXCELSIOR

The leader of the early dwarf wrinkled Peas. It grows to a height of about fourteen inches; of compact growth, being similar to Nott's Excelsior in this respect but superior to it in the following particulars: First the vines are more dense and sturdy. Second, the pods are decidedly larger, measuring from 3½ to 4 inches in length and contain from 6 to 8 large peas of delicious quality and is a much surer cropper. It is also very early; the past three seasons it was ready for use in 45 days after sowing. One of the most valuable EARLY PEAS surpassing in earliness, yield and quality...Pkt. 8c.; ½ pt. 25c.; pt. 35c.; qt. 65c.

LITTLE GEM

LITTLE GEM

One of the most popular extra early dwarf peas. The demand for Little Gem increases every year which is a sure indication that it is giving satisfaction. The vines grow 14 to 16 inches tall and require no brush and are literally covered with pods. Pods contain from 6 to 8 peas of fine quality. A great favorite for home and market gardens. You will not be disappointed if you plant our "Gems". Pkt. 7c.; ½ pt. 20c.; pt. 30c.; qt. 60.

JUNG'S "HONEY SWEET"

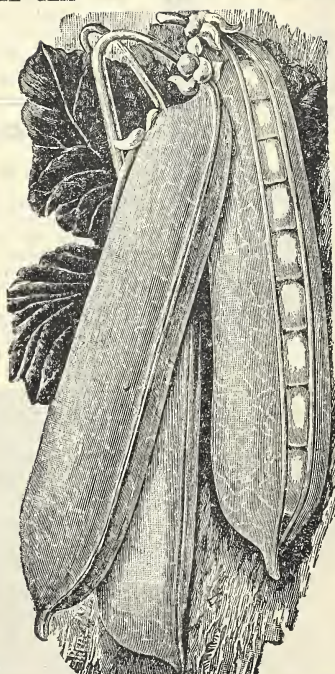

One of the best main-crop Peas to be had as they are truly of the most delicious flavor actually "sweet as honey". They grow a very healthy stocky vine, about 18 inches high and require no support. The pods are produced in great profusion; they are 4 to 4½ in. long and contain from 8 to 10 peas of most luscious flavor. A very heavy bearer, never failing to produce a crop of the giant pods. Pkt. 10c.; ½ pt. 20c.; pt. 35c.; qt. 65c.

LORD LEICESTER

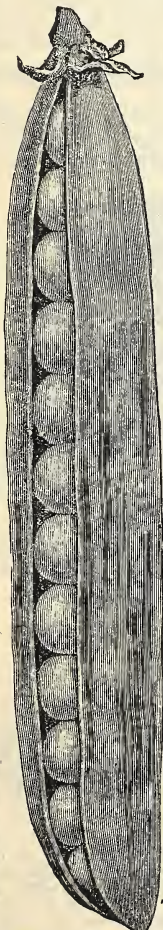

The Giant of the Pea Family

This is one of the largest podded varieties in cultivation and also a sure cropper. We have grown it for years and it has never failed to produce a good crop. The plant is of branching habit, growing about five feet in height with dark green foliage. It is of very vigorous and robust constitution which enables it to withstand drought and mildew. The pods are produced in great profusion, mostly in pairs, some measuring 5 inches in length and contain 9 to 12 peas. You will be delighted to show your friends such enormous pods of peas which in addition to large size, combine rich and succulent flavor, not surpassed by any other variety. For quality it is superb, the peas fairly melt in your mouth. Pkt. 10c.; ½ pt. 25c.; pt. 35c.; qt. 65c.

Mrs. Alfred Longtin, Tripoli, Wis.—We won prizes on your Beans, Peas, Cauliflower, Parsnips and Beets at our County Fair here so we boost Jung's Seeds all we can.

HONEY SWEET

LORD LEICESTER

INDEULGENT
THIS SEED WITH
NOO-O-GEN

See Page 1

PEPPER

HARRIS EARLIEST

The earliest of all, being earlier than Neapolitan. Plants are very uniform in growth, dwarf and compact, rarely over 18 inches tall. It is a very heavy bearer and as the plants can be set close together a very large crop can be grown on a small space. The fruits are of good size, $3\frac{1}{2}$ in. long by $2\frac{1}{2}$ in. in diameter. Flesh is thick and very mild and sweet. If you want Peppers early and lots of them plant Harris Earliest. Pkt. 12c.; $\frac{1}{2}$ oz. 50c.; oz. 85c.

WORLD BEATER

The very best extra large pepper being a cross of Chinese Giant and Ruby King, having the longer form and earliness of the latter with the size of the former. Fruits are of immense size, 4 to 5 in. long by $3\frac{1}{2}$ to 4 inches in diameter; flesh is very thick and so mild and sweet that it may be eaten like an apple. When ripe they are bright red in color and present such a fine appearance that they sell readily on all markets. Exceedingly productive and a good shipper. Pkt. 10c.; $\frac{1}{2}$ oz. 25c.; oz. 45c.

WORLD BEATER

HARRIS EARLIEST

MUSTARD

GIGANTIC THICK LEAVED

Each plant produces a great number of large, thick leaves which are of the finest flavor. Grown in rich soil the leaves attain a height of two feet. It is excellent for boiling. Pkt. 5c.; oz. 10c.

E. O. Swayze, Gillett, Pa.—Wish to say that in using your seeds for the past 7 years am more than pleased with them.

SALSIFY

SALSIFY

MAMMOTH SANDWICH ISLAND

One of the most delicious vegetables and also one of the most nutritious. The flavor is very sweet and highly esteemed whether boiled with butter or other suitable sauces, or sliced and fried or used in soup. The new variety is superseding the old type, as it produces roots nearly double the size and weight and of equally good quality. Seed sown in spring, produces large, fine roots that may remain in the ground or may be dug and stored in sand or earth during the winter. Mild and delicious in flavor. Pkt. 8c.; oz. 20c.; $\frac{1}{4}$ lb. 45c.; lb. \$1.50.

PARSNIP

JUNG'S PRIVATE STOCK

This is a highly improved type of the Half-Long, producing uniformly large and handsome roots of stocky form, heavy at the base, so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from side roots and wrinkles. The flesh is white, of fine texture, free from core and stringless and especially fine flavored, cooking tender, sweet and rich. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.; lb. \$1.25.

PRIVATE STOCK

TRUE MAMMOTH

PUMPKINS

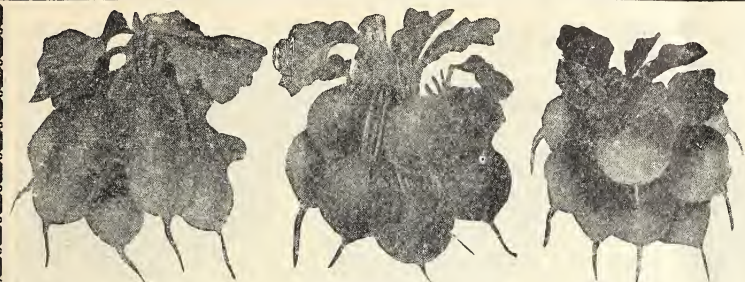

TRUE MAMMOTH

The Largest Pumpkin in Cultivation. This is a true Mammoth Pumpkin. Fruits grow to enormous size; specimens have been grown weighing 100 pounds and over. The skin is a light yellow russet color; flesh very thick; bright yellow, fine grained, sweet and tender and of excellent quality for pies. If you wish to see just how large a pumpkin you can raise try this variety. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.; lb. \$1.25.

LUXURY PIE

This is the very best Pie Pumpkin that has ever come to our attention. It is enormously productive, medium in size, being about ten inches in diameter, almost globe shaped and ripens early. The skin is finely netted and in color a beautiful golden russet which is a sign of finest quality. The flesh is very thick, sweet and sugary; tender and of fine flavor and deep golden in color. An excellent keeper for winter use. If you want some delicious pies for Thanksgiving day plant LUXURY PIE. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.

FRENCH BREAKFAST

JUNG'S RAPID RED

PERFECTION

JUNG'S RAPID RED

This we find to be the quickest maturing of all Radishes, having been grown in the short period of 18 days from the sowing of the seed. However its earliness is not its only good feature as it is also of elegant shape, finest quality and a rich red color. Taken in all it cannot be excelled for both the garden and forcing under glass. Its attractive color and small tops make it especially desirable for forcing. The flesh is pure white, very crisp and tender. If you want to be the first on the market with Radishes that will command fancy prices then plant "JUNG'S RAPID RED." Pkt. 8c.; oz. 15c.; ¼ lb. 35c.; lb. \$1.25.

EARLY HAILSTONE

The Earliest and Quickest Growing WHITE RADISH in cultivation. Ready for use from 15 to 18 days after sowing. The radishes are regular shaped, measuring one inch in diameter and about half an inch in depth. Flesh is solid, crisp and of mild flavor. The foliage is unusually small and owing to this fact combined with extreme earliness, solidity and superb quality, cannot fail to make it the most popular first early white Radish. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.; lb. 85c.

Special Offer No. 8

To have a continuous supply of the finest Radishes plant the following:

Early Hailstone Jung's Rapid Red
Perfection Ex. Early White Icicle
Crimson Giant Globe
1 Pkt. of each for 25c.
1 Oz. of each for 55c.

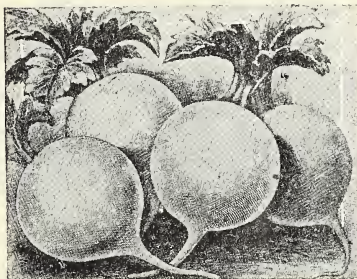

SELECT WHITE ICICLE

FRENCH BREAKFAST

An early medium sized radish, olive shaped, very crisp and tender, of a beautiful scarlet color, tipped with white. It grows about 2 inches long and is decidedly stump rooted. A splendid variety for the table, for its excellent quality and beautiful color are unexcelled. It is a quick growing and exceedingly popular variety. Pkt. 5c.; oz. 10c.; ¼ lb. 30c.; lb. 90c.

EXTRA EARLY WHITE DELICIOUS

A splendid new olive-shaped radish, pure white in color. Very early as it has produced radishes fit for pulling in 18 days after sowing the seed. It has a small top, is solid and crisp, of fine flavor, in fact, a first-class radish in every respect. Size and shape are well shown in illustration. Pkt. 7c.; oz. 15c.; ¼ lb. 35c.; lb. \$1.25.

EARLY HAILSTONE

Mrs. J. A. Garrett, Clayton, Wis.—Like all your seeds fine, can hardly say which is best, but that Icicle Radish is wonderful.

SELECT EARLY WHITE ICICLE

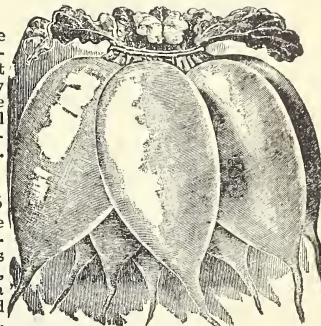

Long, slender, crisp, tender, mild and of purest white. Unexcelled as a money maker. It produces slender, pure white Radishes very early in the season, much earlier and finer in quality than any other long variety. The leaves are short and few, making it an excellent variety for forcing. It is of the best flavor and very brittle and crisp. The roots grow about 4 inches long and are ready for use in about 25 days after sowing. It is a desirable variety for the home garden and market gardeners will find it a money maker. Pkt. 7c.; oz. 15c.; ¼ lb. 30c.; lb. 95c.

CHINESE ROSE WINTER RADISH

This is a large and fine shaped Radish, growing partly above the ground. It is of half long shape with a blunt point; rose colored skin, flesh white, solid as an apple. It has not the strong flavor of the Black Spanish and keeps equally as well. Pkt. 5c.; oz. 10c.; ¼ lb. 25c.; lb. 90c.

RADISHES**PERFECTION EXTRA EARLY**

The most attractive white-tipped Radish. This variety is bound to become the most popular of the white-tipped varieties as it combines handsome appearance, quality and extreme earliness. The white tips extend nearly half way up the root and the brilliant color of the top shows up in strong contrast. For quality it is unexcelled as it is very crisp, tender and sweet. One of the best varieties to grow for market as well as for the home garden. Pkt. 7c.; oz. 12c.; ¼ lb. 30c.; lb. 90c.

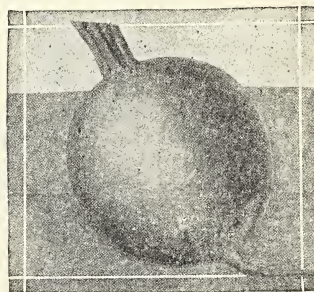

EX. EARLY WHITE DELICIOUS

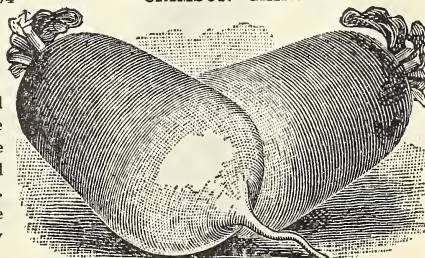

Mrs. Thomas Bulmer, Lardo, B. C. Can.—We had such fine Radishes from your seed. The Drumhead Cabbage are so big and the heads are firm as a rock. The Early Market Carrot and Golden Giant Carrot gave us wonderful results.

CRIMSON GIANT GLOBE

This new variety is suitable for both forcing and growing outdoors. It is a fine shaped, bright red Radish, growing quickly to large size (see illustration). Skin is thin and tender and of a deep, crimson color. The flesh is pure white, crisp and of mild flavor. The roots are entirely free from hollow center and pithy fibre. Pkt. 5c.; oz. 10c.; ¼ lb. 30c.; lb. 95c.

CRIMSON GIANT GLOBE

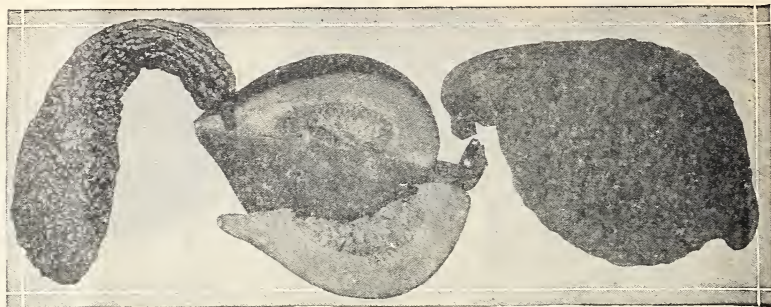

CHINA ROSE WINTER

SQUASH

MAMMOTH SUMMER CROOKNECK

This magnificent strain is equally as early as the common small-fruited varieties. It is of a bright yellow color and from 18 inches to 2 feet long. Fruits are solid, heavy and freely produced on healthy, vigorous plants of compact bush habit. The flesh has a creamy yellow color, is dry and of the most agreeable flavor. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.

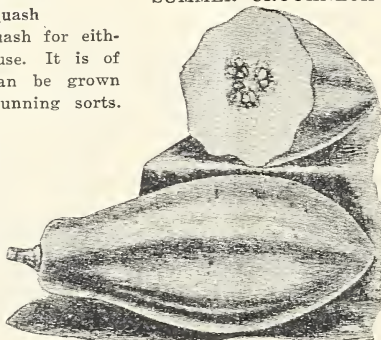

BUSH FORDHOOK

The Best Pie Squash

The most desirable Squash for either summer or winter use. It is of true bush type and can be grown much closer than the running sorts.

The fruits are pear-shaped, 7 to 9 inches long, slightly ridged with with a smooth thin, yellow skin. Flesh is very thick and of a light color. For frying, baking or making pies they are unsurpassed. Stored in a dry place they will keep until the following spring. Pkt. 5c.; oz. 15c. $\frac{1}{4}$ lb. 35c.; lb. \$1.35.

BUSH FORDHOOK

SUMMER CROOKNECK NEW DELICIOUS

IMPROVED HUBBARD

NEW DELICIOUS

This is one of the best flavored squashes in existence. In thickness of flesh it surpasses nearly every other variety. The color is a dark orange. For table use no other kind compares with it in compactness of flesh, dryness, sweetness and exceeding richness of flavor. It is a fall and winter squash. The fruits vary in form and color but are uniformly delicious in flavor. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 40c.

IMPROVED HUBBARD

This is the old standard Squash now grown throughout the country. Flesh is deep golden yellow and fine grained and whether boiled, steamed or baked it is always richly flavored, sweet and dry. The vines are strong, of luxurious growth and very productive, squashes weigh 10 to 15 pounds each and are a deep green. The color and quality of the flesh is fixed and unchangeable—always a deep, golden yellow orange. If properly stored it will keep until spring. Pkt. 5c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.; lb. \$1.00.

BANANA SQUASH

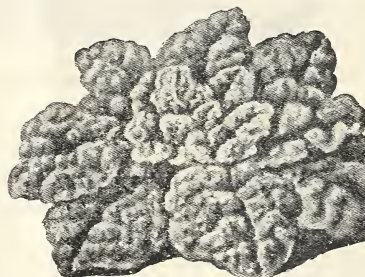

Ripens Early, Enormously Productive, Finest Quality, Good Keeper. This squash is better shown in the illustration than we can describe it. It keeps equal to Hubbard, is even better quality, more prolific and earlier in ripening. The color is grayish-green, shell soft so that it can be cut with a knife. It grows from 18 to 30 inches long and 6 to 8 inches in diameter. It is very prolific and a shy seeder which accounts for the high price of the seed. Flesh is of deep orange color, entirely free from fibre or stringiness. Cooks up perfectly smooth and of the most delicious flavor. Pkt. 8c.; oz. 20c.; $\frac{1}{4}$ lb. 50c.

BANANA SQUASH

GOLDEN HUBBARD

An elegant Winter Squash. Flesh a deep golden yellow, fine grained, cooks very dry and is of excellent flavor. In keeping quality it has no superior. Its productiveness, combined with its sweet rich flavor, attractive color and shape, are bound to make it a popular fall and winter variety. Golden Hubbard is a sport from the well known old Hubbard which it closely resembles in every respect except in color, which is a bright golden orange. Pkt. 8c.; oz. 12c.; $\frac{1}{4}$ lb. 30c.

KING OF DENMARK

SPINACH

KING OF DENMARK

A new Spinach that will displace the older sorts as you can get big cuttings of delicious tender leaves fully two weeks after all other varieties have gone to seed. It forms a compact plant, leaves broad, heavy crumpled and dark green. Nothing better to be had in the line of Spinach. Pkt. 7c.; oz. 15c.; $\frac{1}{4}$ lb. 35c.; lb. 85c.

Mrs. Hans Hanson, Egg Harbor, Wis. My garden was a huge success last year thanks to your seeds.

TURNIPS

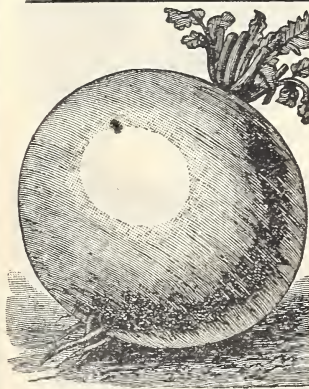

GOLDEN BALL

The best of the yellow fleshed sorts. Roots grow quickly to good size, are smooth and fine in appearance. Flesh is rich yellow in color and considered to be the best table turnip. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 60c.

PURPLE TOP WHITE GLOBE

The most popular turnip, very even in size and form and presents a handsome appearance. Bulbs are of perfect globe shape, 6 inches or more in diameter, upper half purplish red, lower half pure white. Flesh white, firm and crisp and of fine flavor. A heavy yielder and good for both home and market. Pkt. 5c.; oz. 10c.; $\frac{1}{4}$ lb. 20c.; lb. 60c.

Montano Garcia, Oriental Negros, P. I.—Having planted your seeds for the last four years I am ready to say to the public that "The Products of JUNG'S Seeds are Unexcelled".

GOLDEN BALL

PURPLE TOP WHITE GLOBE

Jung's Northern Grown Tomato Seed

We take special pride in our tomato seed and are sure that it is unexcelled for quality. It is northern grown and will produce a crop that will ripen earlier, produce solid fruit and healthier plants than seed grown further south...It is folly to use cheap tomato seed, for it only takes a few ounces to plant an acre.

JUNG'S "WAYAHEAD" The Earliest of All Tomatoes

First to produce Ripe Tomatoes. Good Sized Fruit, Smooth and Solid Bright Red Color. Fine Quality.

As its name indicates it is way ahead when it comes to early ripening of fruit, even ahead of our famous John Baer and Earliana. We know that is a strong claim but it is an actual fact and we know that after you give it a trial you will be more than satisfied. It is of heavy leaf type, a sure indication of hardiness and vigor, as it is free from disease. The fruits are of good size, bright scarlet color, almost round, very smooth and remarkably handsome in appearance. The flesh is solid and of the finest flavor. Although it is the first to ripen vines continue bearing for a very long time. Every tomato grower knows that the first tomatoes always bring a big price and we are confident that this variety will more than please every one who plants it. Pkt. 15c.; 2 pkts. 25c.; ½ oz. 60c.; oz. \$1.00.

JOHN BAER

Jung's Private Stock "JOHN BAER"

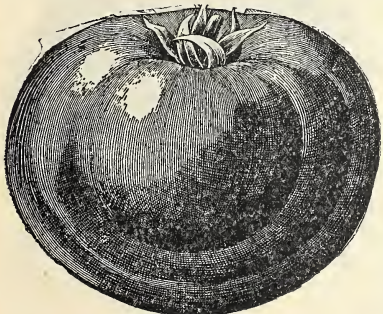

One of the very best extra early tomatoes and one of our biggest sellers. We sent out over 25,000 packets last spring. It is one of the first tomatoes to ripen and produces enormously and the fruits ripen up evenly to the stem. Brilliant red in color and very solid, making it an excellent shipper. Market gardeners with whom earliness is a great factor will find that our northern grown seed will produce a crop that will ripen earlier, bear a large crop and more solid fruit than seed grown further south. Pkt. 10c.; ½ oz. 35c.; oz. 60c.; ¼ lb. \$1.75; lb. \$5.00.

Henry C. Young, Woodstock, Ill.—Your Wayahead Tomatoes were way-a-head of everything in our neighborhood, am sending for more seeds.

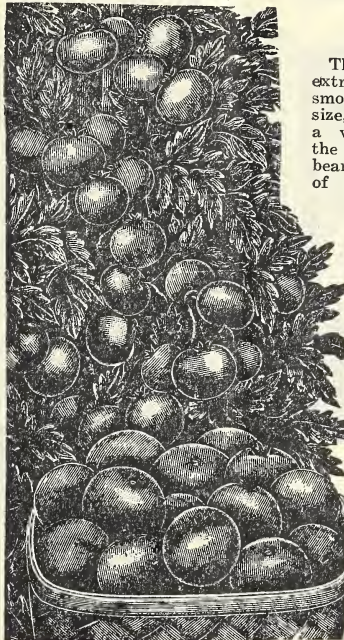

Special Offer No. 9

One pkt. of each of the following splendid Tomatoes for only 30c.

JUNG'S FAIRFIELD FIRST
JOHN BAER
HUNDREDFOLD
GIANT EVERBEARING
GOLDEN DWARF CHAMPION

HUNDREDFOLD

FAIRFIELD FIRST

J. E. Thomas, Rice Lake, Wis.—We were very much pleased with the John Baer Tomato last year so we are sending a full order this year.

HUNDREDFOLD

A remarkably fine tomato that will be sure to surprise you for quality, yield and fine, smooth fruit; it commences to ripen very early and will keep on bearing until frost. Fruits will average of good size and are borne in clusters often 12 to 15 in a bunch. Color bright red, fruits are always smooth, very solid and of the finest flavor; as it is globe shaped it is splendid for slicing. As it is so productive a dozen plants will supply enough fruit for an ordinary family. Choicest seed of our own growing. Pkt. 10c.; ½ oz. 25c.; oz. 40c.

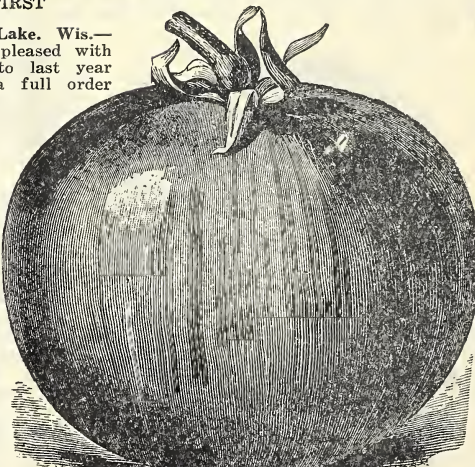

JUNG'S WAYAHEAD

JUNG'S FAIRFIELD FIRST

This variety has been carefully bred for extreme earliness, productiveness and smoothness of fruit. Fruits are of good size, smooth and borne in clusters. It is a very heavy cropper. Although one of the first to ripen the vines continue to bear until frost; the size and smoothness of the fruit is maintained until the end of the season. The color is an intense velvety scarlet; fruits are all globe shaped, making it a splendid variety for slicing. The fruits are remarkably solid and firm; flesh is thick and heavy, of fine flavor and contains but few seeds. Vines are strong and healthy growers. Pkt. 7c.; ½ oz. 20c.; oz. 35c.; ¼ lb. \$1.

GIANT EVERBEARING

The best main crop red tomato as it ripens early, is a heavy yielder and produces very large tomatoes. The fruit is uniformly large, smooth and solid, almost all meat and produces but few seeds. On account of its smoothness and handsome appearance they always command highest prices. It has been planted in all sections and always gives satisfaction. It might be said that it is everbearing and the later fruit on the vines is just as large and perfect as the first. We offer seed of our own growing which you can rely upon to be early. Pkt. 7c.; ½ oz. 25c.; oz. 40c.; ¼ lb. \$1.00.

GIANT EVERBEARING

Mrs. Charles Strohecker, Ellwood City, Pa.—We were well pleased with our seeds the last 2 years and both Mother and I are ordering in one. Your Tomatoes and Cabbage can't be beat.

GOLDEN DWARF CHAMPION

TOMATOES—Continued

GOLDEN DWARF

CHAMPION

The famous Golden Dwarf Champion owes its wide popularity to its stiff vigorous, upright growth, with fruit well above the soil, its large fruit and fine color and to the earliness with which it reaches maturity. Plants are bushy and compact with heavy dark green foliage. The tomatoes are always smooth, round and solid and of a beautiful lemon color. Nothing makes a more tempting dish than red and yellow tomatoes sliced together. This variety has an unusual flavor especially fine for preserves as it does not require as much sugar as other varieties. Pkt. 10c.; ½ oz. 30c.; oz. 50c.

FANCY MIXED PRESERVING

FANCY PRESERVING MIXED

An interesting packet comprising a mixture of the different small fruited varieties such as Red and Yellow, Pear, Plum, Peach and Cherry. These varieties are all unusually sweet, rich flavor and excellent for preserves. May also be dried in the sun and packed in sugar thus making an excellent substitute for figs. Pkt. 7c.; 2 pkts. 10c.

YELLOW CHRYSANTHEMUM

Jung's Yellow Chrysanthemum

The rarest and newest Aster being a delicate canary yellow, a new color that will be welcomed by every Aster lover. The flowers are of good size, remarkably full and double with centers well covered. The plants are of the branching type, vigorous growers and many will produce from 15 to 24 fancy flowers on long stems suitable for fancy cut flowers. Flowers are produced so numerous that a plant looks like a gold dome. A truly superb Aster. Pkt. 10c.; 3 pkts. 25c.

ASTERS

Jung's Ruffled Giants

Everyone is sure to admire these beautiful giant flowered Asters. The immense flowers are 5 to 6 in. across and rival Chrysanthemums for bouquets as they are borne on long stems and will last 10 days to two weeks if given fresh water. White, Lilac, Rosy Red, Cream, Lavender, Purple and Mixed. Pkt. 12c.; 1 Pkt. of each color for 50c.

INTERNATIONAL MIXED

Jung's

International Mixed

This splendid mixture contains every color known in Asters and includes early, medium and late varieties, thus giving you flowers throughout the season. It is not grown in mixture but carefully made up from the different kinds so as to get the right proportion of each color. If you want a fine lot of Asters at a low price sow this fine mixture. Pkt. 7c.; ¼ oz. 25c.; oz. \$1.00.

BUTTERFLY PLANT

Wonderful showy plants having leaves like a fern and blossoms like an orchid. The plants grow 1½ to 2 ft. tall and are literally covered with the exquisite butterfly-like blossoms of almost every known shade and color. These flowers are of lasting substance and a plant in bloom makes a truly beautiful sight. They are easy to grow in the garden and will also make beautiful pot plants for winter flowering. Pkt. 10c.; 3 pkts. 20c.

BUTTERFLY PLANT

RUFFLED GIANTS

Jung's Scarlet Gem

The most attractive of all Asters being a brilliant red. The flowers are large and full and are borne on a tall robust plant. Most effective for either beds or bouquets as their bright color makes them showy no matter where they may be placed. We know all of our customers will be delighted with it. Pkt. 10c.; 3 pkts. 25c.

JUNG'S SCARLET GEM

BABY GOLDEN GLOW

CHINESE WOOLFLOWER

Most Magnificent Garden Annual Ever Introduced. The plants average 2 feet in height, branching freely, each shoot bearing a beautiful ball of wool in pink, yellow and scarlet. It flowers early and profusely and the heads of bloom, mixed with fresh green foliage makes the plant look like an immense bouquet set in the ground. They continue to grow with a richness of color all summer and fall until severe frosts destroy them. A rare novelty. Fresh cut flowers when dried are very much used for winter decoration. Pkt. 10c.; 3 pkts. 20c.

CARDINAL CLIMBER

Booklet on Growing Flowers sent free with orders of 25c or more.

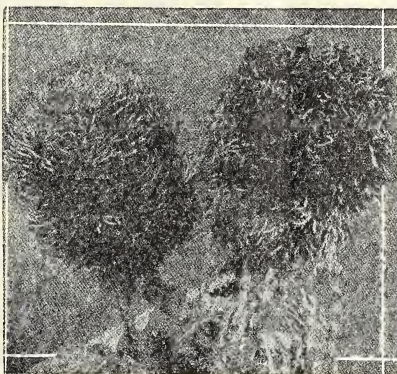

COCKSCORN

BALSAM-Defiance Mixed

A favorite quick growing annual. The plants form symmetrical, well-branched erect bushes about two feet high. The branches are well covered with beautiful double flowers. The colors include white, rose, scarlet, crimson, purple, lilac and violet. This variety is distinctly Camelia flowered. Our strain of these is unsurpassed for size of blooms, doubleness and beauty of flowers. Pkt. 7c.; 2 pkts. 10c.

BABY GOLDEN GLOW

A most charming annual growing about 15 to 18 inches high, bearing score of bright yellow flowers. Seeds should be started indoors; the plants will begin to bloom almost as soon as set in the open ground, affording an almost unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion. Pkt. 5c.; 3 pkts. 10c.

CHINESE WOOLFLOWER

CARDINAL CLIMBER

One of the most beautiful climbing annuals we know of and should be grown by every lover of vines or climbers. The foliage is like a palm leaf, rich glossy green with fringed edges against which the brilliant scarlet flowers, about one inch across show off beautifully. In a warm sunny location and rich soil it grows 20 feet in height. It is of rapid growth, free from insects and a beautiful vine for porches or trellis. Pkt. 10c.; 3 pkts. 20c.

CANDYTUFT

CANNAS-Crozy's Hybrids

Very showy bedding plants with their tropical foliage and immense flowers borne on stalks three to seven feet high in all brilliant colors. Cannas are easily grown from seed. For best results pierce the seed and soak in warm water, then sow in a warm place or hotbed. Seeds started in March or April produce a brilliant bed by July. Pkt. 8c.; 3 pkts. 20c.

COCKSCOMB-Giant Prize Mixed

Wonderfully showy annuals producing crimson and yellow flowers or combs of immense size. Very easy to grow. Cut when partially open and dry in shady place and they make excellent winter bouquets. Pkt. 10c.; 3 pkts. 20c.

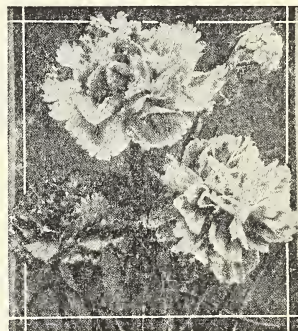

BALSAM

CARNATIONS

GIANT MARGUERITE MIXED

These lovely fragrant Carnations produce fine double flowers. The flowers of this wonderful strain often measure three inches across and have a variety of colors including white, blush, deep pink, salmon, scarlet, maroon and many variegated flowers. Most of them have lovely fringed petals. One great merit of these Carnations is that they begin to flower in about 13 weeks time from seed sown in the spring. Pkt. 10c.; 3 pkts. 20c.

CARNATION

CANDYTUFT-Little Prince

This is a dainty and distinct Candytuft, the plant growing only about six inches high and bears immense spikes of snow-white flowers in great abundance, remaining in perfection longer than any other annual strain. Pkt. 7c.; 2 pkts. 10c.

Jung's Flower Seeds will Grow

AFRICAN DAISSY

Plants, of very neat branching habit, grow about twelve to fifteen inches high and are exceedingly profuse in flowering. A bed in full bloom is a magnificent sight. Seed may be started under glass or sown in the open ground.

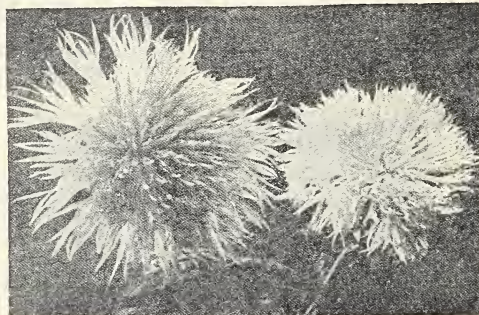

New colors in all shades from pure white to deep orange. Many are beautifully rayed or zoned. Certainly a great acquisition and a magnificent new garden favorite. Pkt. 7c.; 2 pkts. 10c.

SHASTA DAISSY

This Giant Daisy is a production of Mr. Luther Burbank. It is a perfectly hardy perennial bearing sturdy lasting flowers averaging 4 inches in diameter on long, stiff stems. The petals or rays are pure white. Blossoms all season. Pkt. 7c.; 2 pkts. 10c.

SHASTA DAISSY

CENTAUREA

CENTAUREA-Giant Imperial Mixed

Well known flowers and are among the most attractive and graceful annuals. Our seed will produce very large double flowers of graceful form and delicious fragrance. Having long stems they are very desirable for cut flowers and will last for a long time when placed in water. Our seed includes all colors. Pkt. 7c.; 2 pkts. 10c.

DIANTHUS

DIANTHUS-Fairfield Finest Mixed

These hardy annuals may be ranked among the fairest gems of our flowers as few can equal them in beauty or profusion of blooms. They are of the richest and most varied colors. The plants spread rapidly and make ornamental masses of growth. They may be sown in the open ground when danger from frost is over and in a few weeks they are masses of bloom continuing so until frost. Our mixture include the best single and double sorts. Pkt. 5c.; 3 pkts. 10c.

FIREBALL

One of the finest varieties to be had. Flowers are a deep scarlet color, nearly 2 inches across and being produced on long stems are excellent for bouquets. Plants grow 12 to 15 inches high, fine bedder. Pkt. 7c.; 3 pkts. 15c.

COSMOS-Giant Early Flowering Mixed

Grace and brilliancy are the characteristics of this pretty annual. The beautiful flowers, with their deep broad petals rise from a cloud of fine feathery foliage. They are of compact, bushy growth about four feet high with flowers fully as large as the old variety. Flowers are of various shades, ranging from pure white to purplish crimson. Pkt. 5c.; 3 pkts. 10c.

BLUE LACE FLOWER

BLUE LACE FLOWER

A beautiful and interesting annual which seems to have been lost sight of in the last few years. It blooms most profusely from July till November, plants grow about 18 inches high and have as many as 50 flowers open at one time, color an exquisite pale lavender. Pkt. 8c.; 2 pkts. 15c.

COSMOS

CANTERBURY BELLS

CANTERBURY BELLS

This beautiful old fashioned popular flower is easily grown in any garden. They are free bloomers, producing bell shaped flowers of many colors very freely. Pkt. 5c.; 3 pkts. 10c.

CALIFORNIA POPPIES

Very handsome, quick growing annuals with fine cut foliage and bright poppy-like blossoms. Nothing can excel it for brightness and it blooms continually from June to October. Colors orange, yellow, crimson and maroon. Very easy to grow. Pkt. 5c.; 3 pkts. 10c.

CALIFORNIA POPPIES

DAHLIAS-Jung's Fancy Mixed

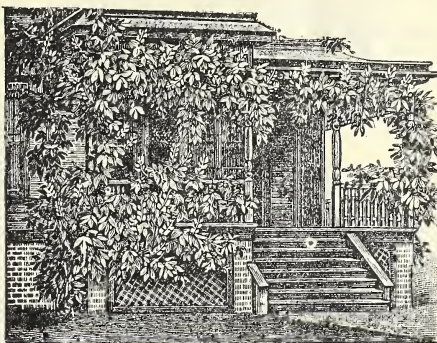

The Dahlia still holds its place as "king" of all outdoor autumn flowers and they may be grown to the greatest perfection from seed, blooming the first summer. As easy to grow from the seed as the most common plant. Anyone can have a magnificent display of these regal beauties at very small cost. Continue to bloom profusely until severe frosts when the bulbs can be taken up and stored until spring. A superb mixture of the finest double varieties of largest size and finest colors. Pkt. 10c.; 3 pkts. 20c.

HOLLYHOCKS-Everblooming Annual Mixed

This old but favorite flower may now be had in flower the first season. The diversity of form and color of our selection will afford you many surprises. Some plants will produce dense, double flowers, others will be semi-double while some are single with double centers. The flowers are unusually large, some measuring 5 inches across. In colors there is also a great variety, some richly brilliant, others dainty and elegant, ranging from black, maroon, crimson, rose, pink to white. Pkt. 7c.; 2 pkts. 10c.

LARKSPUR- Giant Annual Mixed

Well known annuals of great beauty and noted for the richness of their colors—particularly the blue. Our mixture includes white, pink, rose, light and dark blue and violet. Our strain is a vast improvement over the old varieties, more of the flowers being double and all of them of larger size. They bloom very freely and produce large spikes of long keeping flowers. Sow seed early in the spring and they will commence to bloom in July. Pkt. 7c.; 2 pkts. 10c.

JAPANESE KUDZU VINE

JAPANESE KUDZU VINE

One of the fastest climbers having beautiful flowers like a wistaria but larger in size and with better clusters. The foliage is very luxuriant and where quick shade is wanted this plant will prove of great value as it seems to thrive everywhere. It is perfectly hardy and will increase in size and beauty year after year. Pkt. 10c.; 3 pkts. 20c.

GAILLARDIA-Finest Mixed

One of the most showy annuals and greatly admired for their fine form and rich blending of colors in orange, brown, bronze, maroon and crimson. Many of the flowers are 4 inches across and being produced on long stems are excellent for bouquets. They blossom from July until frost. Easy to grow. Pkt. 5c.; 3 pkts. 10c.

MARIGOLD-Lemon Ball

This extremely showy annual has become a great favorite everywhere on account of its easy culture and most beautiful flowers. The hardy plants of neat branching habit grow from 15 to 20 inches high and are exceedingly profuse in flowering. The extra large, round double flowers are of a clear canary yellow. The petals are heavily rolled and are crowded together so as to appear lacinated. Pkt. 7c.; 2 pkts. 10c.

Dahlias from Seed

EVERLASTING FLOWERS

EVERLASTING FLOWERS

These everlasting flowers should be grown in every flower garden and for this reason we have placed them in this list. The plants grow about 2 feet high and produce the beautiful flowers like a half-open rose in great profusion. They make a very pretty bed and if picked will last all winter, excellent for Christmas and New Year decorations. Our seed includes all colors. Easy to grow. Pkt. 7c.; 2 pkts. 10c.

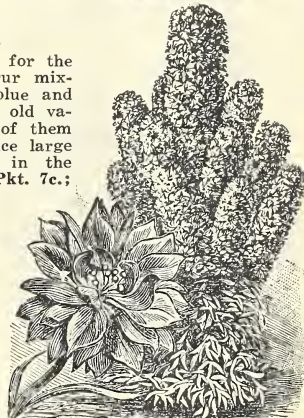

FOUR O'CLOCK

FOUR O'CLOCK-Finest Mixed

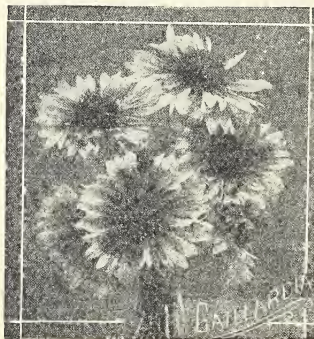

No flower makes a prettier border than the old-fashioned Four O'Clock. Plant grows to a height of two feet and blooms in early morning and evening that rival the choicest garden flowers. It is one of the most brilliant and showy plants that can be grown with little or no trouble. Pkt. 7c.; 2 pkts. 10c.

HOLLYHOCKS

LARKSPUR

MARIGOLD

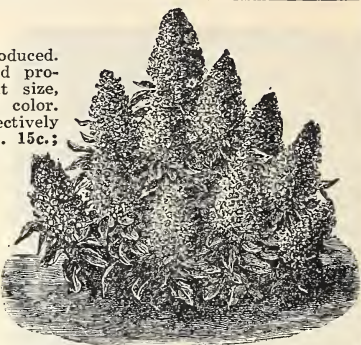

MIGNONETTE-Bismark

One of the grandest mignonettes ever introduced. It is remarkable for size, color, fragrance and profusion of blooms. Flower spikes are of giant size, measuring 6 to 8 in. long and fiery red in color. Very showy as the bright flowers contrast effectively against the deep green foliage. Pkt. 8c.; 2 pkts. 15c.;

FINEST MIXED—A fine mixture, grows rapidly and produces fine spikes of blossoms during the cool weather of spring and fall. Make a second sowing in August to furnish fall flowers. Pkt. 5c.; 3 pkts. 10c.

MORNING GLORY-Giant Jap. Mixed

The robust vines attain a height of from 15 to 20 feet. Their charm lies in the entrancing beauty and large size of the flowers; they measure from 3 to 4 inches across. Some flowers are of deep, rich velvety colors, others daintily tinted and shaded. There are reds from soft rose to crimson and garnet; daintiest blue to purple; snow-white to silver gray. They are easy to grow and quick to come into bloom. Pkt. 7c.; 2 pkts. 10c.

MIGNONETTE

JAP. MORNING GLORY

NASTURTIUMS**DWARF BRILLIANT BEAUTIES MIXED**

The plants are of vigorous growth, erect habit and beautiful rounded form. They are of quick growth, begin to bloom early in the summer and continue to flower until killed by frost. So greatly diversified are the colorings that it seems almost impossible to find two plants bearing flowers alike. The flowers are not only wonderfully brilliant but also of large size. Pkt. 5c.; oz. 20c.

JUNG'S GIANT CLIMBING

This mixture is absolutely unsurpassed. Nothing can excel the wealth, richness and variety of these Nasturtiums for trellis, window boxes or brush planting, nor surpass them in freedom and profusion of bloom. On good soil they grow 8 ft. tall. Our mixture includes a wonderful diversity of colors, some are solid while others are beautifully mottled and striped. Pkt. 5c.; oz. 20c.

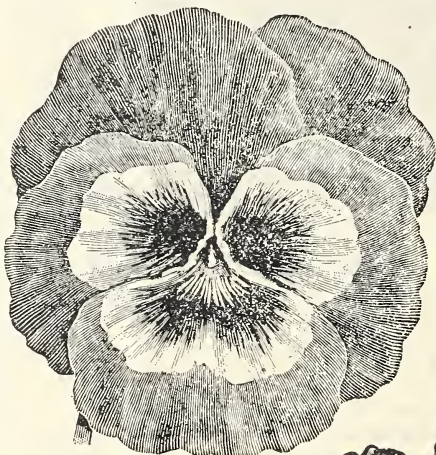

GT. CLIMBING NASTURTIUMS

BRILLIANT BEAUTIES

Jung's Giant Fancy Mixed PANSIES

This "Fancy Mixture" contains seeds of the largest, richest and handsomest pansies known to the horticultural world. The well formed expanded flowers are uniformly of the largest size and of fine substance; they are borne on long, stiff stems well above the heavy deep green foliage. The colors are rich and varied such as white, cream, yellow, deep orange mahogany, claret, reddish bronze, rose. All are distinctly blotched. The compact rounded plants are of sturdy habit and bear gigantic flowers profusely and continuously. Pkt. 20c.; ¼ oz. 75c.

JUNG'S GIANT FANCY

NICOTIANA**SANDERAE HYBRIDS**

These flower from early summer until late in autumn. Their beauty is beyond description, flowers being purple, dark red, snow-white, violet, salmon, pink, crimson and various other shades. It is a very easily cultivated plant, thrives in any soil, either in pots or in the open ground. The cut blooms last well, opening freely in water. All colors mixed. Pkt. 5c.; 3 pkts. 10c.

NICOTIANA
SANDERAE
HYBRIDS**PANSIES-Large Flowered Mixed**

This is a popular large flowering type just what you want for a pretty bed. The plants make a strong growth and flower freely. This mixture comprises many beautiful varieties and we know you will be delighted with it. Pkt. 5c.; ¼ oz. 25c.

GIANT MASTERPIECE

This giant Pansy is remarkable for having its petals waved or folded, giving it the appearance of a double flower. The truly giant-sized flowers are of the most striking character, the petals being of a rich velvety substance and heavily ruffled. The colors are mainly dark rich shades, bordered, blotched or marked in raylike veinings. The mammoth size, richness and beauty of colorings combined with the ruffled character of the petals makes the Masterpiece one of the finest Pansies ever developed. Pkt. 20c.; 3 pkts. 50c.

GIANT MASTERPIECE

Miss B. Rehberg, Tomah Wis.—Your seed and gladioli bulbs were the nicest I have ever had.

PETUNIAS

BRILLIANT BEAUTIES

If you wish to have a bed of flowers that will be a source of delight from early summer until late in the fall sow some of these beautiful Petunias. The plants grow bushy and compact and are excellent for beds, borders or window boxes. The plants commence to blossom when only a few inches high and are a mass of bright color until killed by heavy frosts. Our mixture is carefully made up of only live, bright colors. Very easy to grow. Pkt. 10c.; 3 pkts. 20c.; $\frac{1}{4}$ oz. 40c.

DEFIANCE PETUNIA

PETUNIA-Defiance Mixed

This strain bears grand, substantial flowers of the largest size in profusion. The flowers frequently measure five inches across the colors are indescribably rich and varied. Most of the flowers are beautifully fringed and have open throats. All are distinctly veined, especially in the throat portion and in many the throat is darker than the outer portion of the petals imparting a rich velvety effect. Some of the colors are rich and gorgeous, while others are of lovely delicate shades. Pkt. 25c.; 3 pkts. 50c.

ICELAND POPPIES

FEATHERBALL POPPIES

PORTULACA

POPPIES

DOUBLE FEATHERBALL MIXED

These double fringed annual Poppies are very beautiful; they belong to the carnation-flowered type, the large flowers having the same globe-shaped formation with gracefully fringed petals. Plants are of branching, stocky growth, 15 to 18 inches high, each plant carrying several of these exquisite flowers. The great variety of fine color ranges from the most gorgeous shades down to pure white. They are of the easiest culture. Pkt. 5c.

ICELAND MIXED

Hardy perennials that bloom the first season. The fragrant, elegant satin-like flowers are produced from June until October on stems 12 inches long and are excellent for cut flowers as they last fully a week. Our seed includes the most beautiful colors. Pkt. 5c.; 3 pkts. 10c.

DWARF PHLOX

NANA COMPACTA MIXED

This splendid race of dwarf annual Phloxes cannot be overpraised for brightness and beauty. The plants are always lavishly covered with large flowers of the most brilliant hues. Nothing better for bedding purposes is listed in this catalog. They succeed everywhere and are in universal favor for summer growing flowering purposes. Bushes are dwarf and compact, six to eight inches high, forming dense masses of bloom all summer. The colors include pure white, deep and showy red rose with white eye and many other shades. Pkt. 10c.; 3 pkts. 20c.

BRILLIANT BEAUTIES

PORTULACA-Finest Mixed

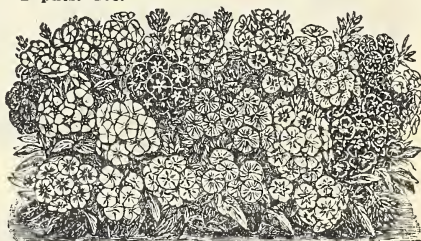

A great favorite for bedding, edging and rock work; also splendid for window boxes. Will grow and bloom in hot, dry locations where almost any other plant would die. Blooms profusely from early summer until autumn. For brilliant color a bed of these easy growing flowers is a sight to behold. Our mixture includes all the finest colors. Pkt. 5c.; 3 pkts. 10c.

PHLOX DRUMMONDII

PHLOX DRUMMONDII-Grand Mixed

This superb strain is notable not only for variety and brilliancy of colors but also for the perfection and size of the flowers. Many of the single flowers are so large that they will nearly cover a 50-cent piece. The colors range from pure white to deepest red or crimson while the clear eye of some of the flowers is peculiarly marked. For a mass of splendid colors no flower will give a more satisfactory return for so little cost. No garden should be without these most beautiful of all dwarf growing annuals. Pkt. 7c.; 2 pkts. 10c.

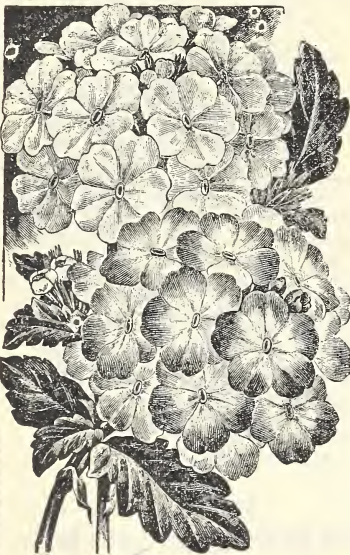

DWARF PHLOX

STOCKS

STOCKS**JUNG'S FANCY DOUBLE MIXED**

One of the best known and most popular annuals, of easy culture and suitable for pot plants as well as the garden. The plants grow to a height of 2 feet and produce long spikes of double flowers, many of them 2 inches across. Colors include white, rose, blue, crimson and yellow. Our seed is a superb select strain. Pkt. 10c.; 3 pkts. 20c.

VERBENAS

SWEET WILLIAM**HARDY ANNUAL MIXED**

The old favorite Sweet William as all know does not flower until the second year but this new strain will begin to bloom in 50 to 60 days from seed sown in the spring and will continue to blossom all summer. The flowers or heads are of large size, very fragrant and of various colors, white, crimson, rose-pink, etc., many of which are edged with white. Splendid for beds or borders. Pkt. 5c.; 3 pkts. 10c.

SWEET WILLIAM, HARDY ANNUAL.

SALVIA BONFIRE

SNAPDRAGON**JUNG'S GIANT FLOWERING MIXED**

These flowers were great favorites in old gardens but our giant flowered strain is such a great improvement that anyone would hardly recognize them as the same flower. The bushes grow about 18 inches tall and produce splendid spikes of blossoms in all shades of red, rose, salmon, yellow and white. Very easy to grow and should be in every garden. If carefully lifted and potted in the fall they will bloom in the house during the winter. Pkt. 7c.; 2 pkts. 10c.

SNAPDRAGON

VERBENAS**FAIRFIELD FAMOUS MIXED**

We offer you a truly giant flowered mixture of these beautiful annuals. The trusses measure 9 to 12 inches in circumference and the individual florets on well grown plants measure one inch across. They bloom freely, are vigorous in growth and contain beautiful new colors and shades. A mass of bloom from July until heavy frosts. Pkt. 8c.; 1/4 oz. 25c.

SUNFLOWER**CHRYSANTHEMUM FLOWERED**

Grows seven feet tall. Perfectly double. The color is the brightest golden yellow. The plants branch and afford fine stout stems for cutting. This gigantic Sunflower will be of great value for the hardy garden and herbaceous border. The flowers are so perfect in form that they resemble Chrysanthemum flowered Asters with long stems. This is the very best variety. Pkt. 5c.; 3 pkts. 10c.

ZINNIA-Jung's Fancy Double Mixed

Our strain of these beautiful giant flowered annuals is unsurpassed. The flowers are of giant size, when well grown will measure 4 to 5 inches in diameter. Flowers have a wide range of color from creamy white through all shades of yellow, salmon, pink, rose and crimson. Plants grow three feet in height and form large bushes which bloom until killed by hard frosts. Pkt. 8c.; 2 pkts. 15c.

John R. Wilson, Tuscarawas, Ohio.—I have bought garden and flower seed from you for the last 12 years and have found them superior to the seed bought from any other firm.

SUNFLOWER

FANCY DOUBLE ZINNIAS

With each collection we send FREE INSTRUCTIONS on how to grow the large fancy flowers.

We make a specialty of Asters and for size and perfection of flowers our strains are unexcelled. No other flower can approach the Aster for beauty, color, form or profusion of bloom. They are hardy and may be had in flower from early summer until late in the fall.

Jung's Giant Fancy Mixed Asters

This is the highest grade of mixed Asters it is possible to produce, it contains all of the colors shown above and is made up of only giant flowered varieties. Most seedsmen do not put out such a mixture as the seed costs too much but as we grow our own seed it is possible for us to do this. Many of these flowers will be 5 in. across and are borne on stems 2 to 3 ft. long. Pkt. 10c.; 3 pkts. 20c.; ¼ oz. 45c.

7 Pkts. Giant Spencer Sweet Pea Collection 25 Cts.

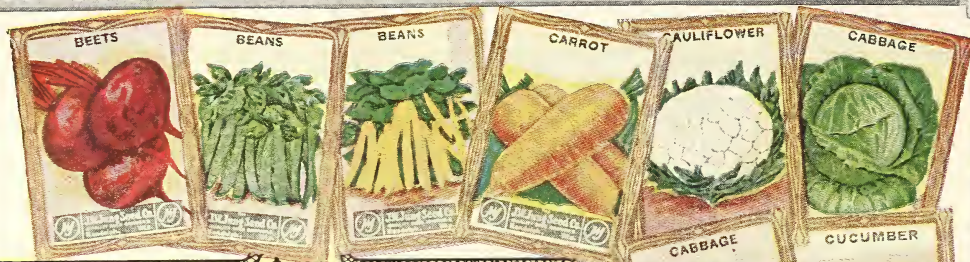

These new Sweet Peas are of enormous size, often 2 in. across and are borne on stems 10 to 15 in. long. They are very much superior to the ordinary kinds and in order that you may have them in profusion we will send you the following 7 pkts. for only 25c.:

ASTA OHN—Charming Lavender	MRS. ROUTZAHN—Salmon Pink
FIERY CROSS—Fiery Red	ROYAL PURPLE—Deep Purple
KING WHITE—Pure White	WARRIOR—Rich Maroon
ELFRIDA PEARSON—Deep Rich Pink	

Giant Spencer Mixed Sweet Peas

The finest mixture of Sweet Peas to be had, it contains all the colors shown above besides many others and is made up of only the largest flowering Spencer varieties, all dull and undesirable colors have been omitted. If you want a fine display of Giant Sweet Peas sow this mixture. Pkt. 7c.; oz. 25c.; ¼ lb. 50c.; lb. \$1.50.

"Inoculation" will give you more and larger sweet peas if applied to the seed. Per can 25c.
